ARRIVING AT THE HARBOR

No Wake Zones: A "No Wake" speed is required in the harbor. "No Wake" speed is generally below 2.5 kts. No speeding allowed in the channel. Please respect the No Wake Zone shown on the local map.

Registration of Transient Vessel Moorage: Transient vessels are required to register with the Harbormaster within 8 hours of arrival. Information on services and fees is available at the Harbormaster office.

Loading Zones: There are several loading zones located throughout the harbors. They are easily identified by the white paint along the bull rails. Loading zones have a one-hour time limit.

Used Oil: Disposal tanks are provided at all harbors. Please do not dispose of gasoline or solvents in these tanks. When dumping used oil, please clean drips and old filters off the screen when you are finished.

Water: Potable Water is provided at all harbors year-round.

Tidal Grid: A steel and timber tidal grid is available for use next to AHN Harbor. The grid is available on a first-come first-served basis. Vessels are limited to 96 hours on the grid. Larger vessels (over 58 gross tons) must notify the Harbormaster before using the grid.

Fish Cleaning: The cleaning of fish in any of Sitka’s harbors is strictly forbidden. Fish cleaning should be done at designated fish cleaning tables. There are fish cleaning tables on the south end of Elision Harbor breakwater and the float outside Sealing Cove harbor.

Fish waste bins are available at both cleaning stations.

BASIC RULES AND PRACTICES

A Snooze is A Spill: Dispersants (spreads) are not only illegal, but deadly for marine life! Report all oil spills to 1-800-424-8802 and the Harbormaster’s Office. Wipe drums on the floats contain split response equipment and are not garbage cans. This Spill Response Equipment

No Feeding Wild Animals

AMENITIES AND SERVICES

110v, 220v, and 208v Single/Three Phase Electricity

Recycling of used oil, filters, oily rags, tire wire, zins, and used batteries

Dumpsters throughout the harbors

Recycling of cardboard, aluminum, glass, plastic

Waste Pump Outs:

The Harbormaster’s Office has information available for tenants on boat washing practices.

Conserve Fresh Water! We all must do our part to turn off faucets when not in use, report excessively leaking connectors on the docks, and curb usage to a minimal or only when necessary.
