LOCAL TELEPHONE EXCHANGE SERVICE  
APPLICATION AND GENERAL PROVISIONS

A. APPLICATION

1. This Tariff applies to Local Telephone Exchange Services of the Waldron Telephone Company - hereinafter referred to as the Telephone Company - in exchanges in Michigan as designated herein.
2. Local Telephone Exchange Service is that of furnishing facilities for telephone intercommunication between customers within a Local Service Area.
3. The provision of service is subject to regulations specified in the M.P.S.C. Tariffs of the Telephone Company, which tariffs as they now exist or as they may be revised, added to, or supplemented by superseding issues are hereby made a part of this Tariff.

B. EXPLANATION OF SYMBOLS

- (C) Signifies a changed regulation.
- (D) Signifies a discontinued rate, treatment or regulation.
- (I) Signifies an increased rate or new treatment resulting in an increased rate.
- (N) Signifies a new rate, treatment or regulation.
- (R) Signifies a reduced rate, or new treatment resulting in a reduced rate.

C. GRANDFATHERED SERVICES

A. "Grandfathering" of Existing Service Offerings No Longer Offered for New Installations

GENERAL

There are certain service offerings which have been discontinued to new customers but continue for specific customers who are subscribing to them at the time of their discontinuance. These exceptions to regular Tariff provisions are referred to as the "grandfathering" of the customers involved. The service offerings continued on this basis are identified in the following tariffs and are subject to the conditions specified in paragraph 2 below.

2. Service Offerings and Rate Treatments

Grandfathered service offerings are continued only for existing customers at existing locations. The rates for grandfathered services are subject to change in the same manner and to the same extent as regular service offerings. No new or additional "grandfathered" services will be furnished. Where a new customer takes over existing telephone service, with or without a change in directory listing, where the customer initiates a change in class of service or where there is a break in the continuity, the "grandfathered" service is no longer available. The renting or leasing of the premises on which the service is provided to someone other than the existing customer voids the furnishing of the grandfathered service, whether or not the telephone service remains in the name of the original customer.
