

ACCESS SERVICE

**EXCEPTIONS TO NATIONAL EXCHANGE CARRIERS ASSOCIATION TARIFF NO. 5 - SECTION 13**

13. Additional Engineering, Additional Labor and Miscellaneous Services

13.4 Presubscription

13.4.1 Presubscription, IntraLATA

Pursuant to the Michigan Public Service Commission Order in Case No. U-11961.

- (A) IntraLATA presubscription is the process by which end user customers may select and designate to the Telephone Company an intrastate intraLATA Interexchange carrier to access, without an access code, for intrastate intraLATA calls. This intraLATA Interexchange Carrier is referred to as the end user's predesignated intraLATA PIC.
- (B) End users may select one of the following options at no charge:

- indicate a intraLATA primary PIC for all of its lines,
- indicate a different intraLATA PIC for each of its lines.

Only one intraLATA PIC or No-PIC may be selected for each line or lines terminating in the same hunt group.

End users may designate that they do not want to presubscribe to any intraLATA Interexchange Carrier. End users that select No-PIC must arrange this designation by directly notifying the Telephone Company's business office. This choice will require the end user to dial an access code (101XXXX) for all intrastate IntraLATA calls.

After the end user's initial selection of a predesignated intraLATA PIC or the designation that they do not want to presubscribe to any intraLATA PIC (No-PIC) for any change in selection after conversion to Equal Access in the serving end office, a nonrecurring charge as set forth in 17.4.1 (I) following applies.

- (C) A presubscription change can be done either electronically or manually:

Electronic Changes: Changes submitted by access customers to the ILEC using a mechanized interface to the ILEC's service order entry system or other electronic processing systems, including magnetic tape, are considered electronically submitted.

ACCESS SERVICE

EXCEPTIONS TO NATIONAL EXCHANGE CARRIERS ASSOCIATION TARIFF NO. 5 - SECTION 13

13. Additional Engineering, Additional Labor and Miscellaneous Services(Cont'd)

13.4 Presubscription (Cont'd)

13.4.1 Presubscription, IntraLATA (Cont'd)

Manual Changes: Changes submitted via fax, e-mail, regular mail, or telephoned in by either an access customer or end-user customers are manually submitted changes. If a person is required to intervene in the initial setup, it is considered to be a manual process. All intrastate intraLATA changes are considered manual.

- (D) The end user will be allowed a six-month period from the date of the installation of their Telephone Exchange Service to select a PIC or No-PIC one time at no charge.
- (E) If the new end user fails to designate an intraLATA Interexchange Carrier as its PIC prior to the date of installation of Telephone Exchange service, the Telephone Company will (1) default the end user line to No-PIC which will require the end user to dial an access code (101XXXX) for all intrastate IntraLATA calls, or (2) block the end user from intrastate intraLATA calling. The end user will be notified which option will be applied if it fails to make an intraLATA PIC or No-PIC selection. A blocked or No-PIC designated end user may designate an initial PIC one time at no charge, if it is requested within six months after the installation of Telephone Exchange Service.

For any change in selection after six months from the installation of Telephone Exchange Service, a nonrecurring charge, as set forth below.

	<u>Nonrecurring Charge</u>
InterLATA Intrastate	N/A
IntraLATA Intrastate	\$1.25
Simultaneous InterLATA/ IntraLATA Intrastate	\$0.62

13.8 Blocking Service

13.8.2 900 Blocking Service

Blocking access to 900 services is offered to all subscribers at no charge.

See 1<sup>st</sup> Revised Sheet 35.1, Application of Tariff Section 1.11 for exception. (N)
