

SHEPHERD CHRISTIAN SCHOOL

OUR VISION

To connect our children and community in a meaningful relationship with Christ.

OUR MISSION

In partnership with family and God, our mission is to: Nurture children spiritually, physically, academically and socially as they grow in Christ-likeness.

OUR BELIEFS

To live out our vision and mission every day, we believe:

1. That education should prepare the child for life both now and in the hereafter.
2. That a child will learn best by example; therefore, Christ-like teachers shall be the foundation upon which our school shall stand.
3. That true education begins at home; therefore, we encourage a mutual interdependence of the home and school.
4. In a rich, multisensory environment.
5. That divergent and creative expression should be encouraged.
6. In students' active participation in their own learning experiences.
7. In a program that nurtures the development of social interaction, including the awareness, understanding and appreciation of others.
8. In respect for each child and the necessity for providing activities, experience, materials and equipment that are appropriate to each child's maturity level and developmental needs.
9. That school shall be a place where children feel comfortable, where the mind and body are stimulated, and where they enjoy learning and look forward to coming each day.
10. That Christ's love shall be evident in all.
