

# Stephens County Historical Society, Inc.

## 2017 Contributions & Membership

Stephens County Historical Society, Inc., a non-profit, charitable organization, currently operates solely on donations, membership dues, museum admission fees, gift shop sales, memorial donations, and fund raising events.

Volunteers work together for the society, Currahee Military Museum & Camp Toccoa at Currahee Project to maintain one of the most unique societies and museums in the world. The society's outstanding county history is showcased in an historic exhibit within itself, a 1915's train depot, and is second to none. Our military history is recognized around the world and our guest describe their time here as more of an experience than a tour in a museum.

Stephens County Historical Society, Inc. has several stories and artifacts of our ancestors that tell their history and the history of our local and international history. Our mission is to "preserve, protect and promote" our history. Please consider becoming a member of the Historical Society to show your support, recognizing our efforts in offering a special place where our visitors and students may continue to learn the stories and events of the past.
