Excerpts from Bylaws:

**Purpose and Objective**

The purpose of the *Minnesota Invasive Species Advisory Council* is to provide communication, coordination, and integration among member organizations to implement elements of the Minnesota Statewide Invasive Species Management Plan by:

- Promoting communication and cooperation among organizations involved in invasive species issues.
- Coordinating outreach on invasive species (such as the MISAC calendar)
- Supporting state-wide and multi-state conferences related to invasive species issues.
- Supporting trainings and field visits related to invasive species
- Recognizing outstanding and noteworthy work related to invasive species and encouraging such work through the Carol Mortensen Award
- Maintaining the MISAC website to help the public locate invasive species resources
- Advocating for research and management for the species and pathways deemed greatest risk.
- Working on other projects that MISAC finds to be appropriate.
- These functions support, but do not supersede, the goals and responsibilities of member organizations.

**Co-Chairs and Minutes**

The Council is led by a chair, co-chair, and past-chair. The Council will elect a new co-chair annually for a three-year term. The co-chair serves the first year as co-chair, then becomes chair in the second year of her/his term, and then serves the third year as the past-chair. Any Council member may be nominated to serve. The Chair is responsible for setting the agenda for each quarterly meeting, coordinating with the Minnesota DNR to produce the MISAC calendar, and representing the Council as an ex officio member of organizing committees for MISAC-endorsed events. The co-chair is responsible for arranging the time and location for quarterly meetings, taking minutes, distributing minutes, and correcting minutes as needed. Meeting minutes will be reviewed for additions or corrections and approved by the Council at the following meeting. The past-chair assists in continuity and transition of leadership.
