ABOUT CSIL:
Since Citizen Schools first opened its doors in Chicago, we have helped equip more than 1,800 students with the skills, access and beliefs they need to thrive as students and succeed as adults in the modern economy.

Although Citizen Schools made the difficult decision to close its regional program in Illinois at the end of the 2016-17 academic year, we know our students benefited from the expertise and extraordinary efforts of our donors, colleagues, teaching fellows, volunteers, and school and community partners. It’s been our honor to serve them all.

We are hard at work to mine the lessons from our experience in Chicago and commit to designing a better solution for students in under-resourced districts, like Chicago Public Schools. It would be our greatest joy to one day return to Chicago with this new approach.

Thank you to all our amazing partners and supporters over the last few years.
