VIRTUAL VOLUNTEER OPPORTUNITIES

Thank you for your interest in virtually volunteering with Citizen Schools! We are excited to work together in a new space to continue delivering meaningful opportunities for students to engage. While our platform may have changed, our mission remains the same!

To get started, please fill out the Virtual Volunteer Registration Form

OPTION 3: SUPPORT CONTENT CREATION AND DELIVERY

For volunteers who are interested in creating content, Citizen Schools will work directly with you in your area of expertise to generate virtual content behind the scenes. These topics can align with existing Catalyst projects, STEM content, or other meaningful projects. Volunteers could conduct a simple demonstration or explain a science concept. We will partner with you to create ways to efficiently deliver learning opportunities to our community of students.

Please reach out to volunteers@citizenschools.org or the Volunteer Engagement Manager that you have been working with for the most updated list of needs.

Examples of Projects that Support Catalyst Content Creation & Delivery:

- Create a demo video of the water cycle model
- Create content examples of metabolic disorders
- Write a script for a STEM video or presentation
- Use a storyboard to build an animation or model
- Use a model to explain a scientific idea, pull content from NGSS aligned Catalyst unit
- Create a document with suggestions/video outlining suggestions for how students can research climate change in their communities
- Put online research into your own words - help create more digestible information for students to use in their research.
- Create student friendly tips for researching STEM topics online
- Connect your job or schooling to the STEM topics covered in the Catalyst units
- Connect a real world event to the STEM concepts explored in a unit (for example climate science)

Other Ways To Support Citizen Schools As a result of COVID-19, some of our funding is at risk. We are looking to our supporters to donate during this time of uncertainty. Every little bit helps! Please continue to spread the word about Citizen Schools! Thank you for ongoing support to our mission and our students.
