

KEITH MEYERS – General Manager, Core & Rotary

INDUSTRY EXPERIENCE

Keith Meyers has worked in the industry since 1977, bringing years of industry experience to the field for National. Starting as a driller, Meyers worked his way up the ranks to hold various supervisor and managerial roles. Meyers has experience drilling as far north as the Arctic Circle and as far south as numerous drill sites in South America. Meyers has also drilled in 34 states within the U. S. He currently holds five water well/installer licenses in the Midwest. In addition to his work experience, Meyers was not only a member of the Wisconsin Water Well Association but also served on the Board from 1998 to 2013.
