Front of card frame engraved Calvert's Studio next to SP Depot in Oregon City back has 1914 note on Gladstone Christian Bible school. Text is "The Christian Bible school at Gladstone, Ore, was organized in 1908 by A. H. Mulkey, one of the veteran preachers of the great West. This school has enjoyed a steady growth since it's beginning. Last Rally Day, October 5, was the biggest day in it's history so far, there being 178 present on that occasion. Before Rally Day the average attendance was about 100. Since then it has ranged from 120 to 130 and is still on the upgrade. The whole school seems to have caught the vision and is looking forward to the day, not far distant, we hope when 200 shall be the rule and Gladstone shall have the largest and most efficient Bible school in Clackamas County and one of the best in Oregon. The present minister, R. L. Dunn is teacher of the Young Men's progressive Class, and an enthusiastic worker in the school. The city of Gladstone, a beautiful enterprising little place, has only this one Bible school, and the people are fast coming to appreciate and support this splendid work. This is not the last word from Gladstone - it is going to be heard from right along. Gift of Gertrude Kennedy Knowles III 7th from left in front row. Slide made

MILWAUKEE, OR 97222 (503) 654-6491 Never in the history
of man, did a nation demand so much of a single weapon of
war as America demanded of the B-17. This famous Bomber
of WWII had a gross weight of 32 tons, 10 crew members
and a gasoline capacity of 32,000 gallons. The length is 75
feet with a wing span of 105 feet. The original cost was
approx. $500,000.00. The scene you see here was the
vision and creation of Art Lacey, owner-operator. This B-17
is placed here in memory of the men and women who served
so valiantly during WWII and to the passing era of this
propeller-driven plane."
