ADMINISTRATIVE RULES FOR DISPATCH

The same form is used for any ruling an applicant feels is contrary to the dispatching rules of the Local or International Union.    e) Applicants on the clerical administrative books may be employed outside of IBEW representation without having to remove their name from the out of work list.

   b) The one-year requirement listed in the NECA Agreement requires proof that during the appropriate period the applicant worked and received pay for a minimum of 2,080 hours.

   c) Registering on Book IV requires the applicant demonstrate at least one year's experience (defined as 2080 documented hours of employment) in the classification to the satisfaction of the appropriate business representative.

II. REGISTRATION AND RE-SIGN

1) Except as elsewhere permitted by these rules or by the term of an IBEW Local 1547 collectively bargained agreement, an applicant may only sign the out of work list in the Unit of residence. Non-Alaska residents shall sign the out of work list in the Unit where they seek work and temporarily reside. When registering on the out-of-work list, the applicant’s date and time (hour and minute) of signing will be recorded in the computer.

2) An applicant may register in, and be active on, only one book at a time (and the short call book if applicable) and on the highest priority list for which the applicant requests and is qualified to sign. Qualifications are determined under the terms of an agreement (Local Union 1547) or, if not addressed therein, by these rules.

3) Annual Re-sign. Once each year during the re-sign period between December 10th and 20th all applicants seeking work must re-sign in-person, or alternatively, if the applicant lives more than 25 miles from the Unit offices where they reside, re-sign by calling Dispatch in that Unit during normal working hours from the telephone number provided at the time registered. Failure to do so shall result in the applicant's registration being dropped.

4) At all other times any applicant may re-sign in person; or by telephone in the same manner and as allowed by Annual Re-sign; or by facsimile to (907) 777-7268; or by e-mail to re-sign@ibew1547.org; or by US Mail to Dispatch, IBEW Local Union 1547, 3333 Denali Street Suite 200, Anchorage, Alaska 99503. All re-signs including US Mail must be "received" by the close of business on the last work day during the re-sign period to be valid. The Local does not recommend US Mail as a reliable means of re-signing.

5) Re-signs made that are other than in person or as permitted by telephone must contain the following Information: Name, Address, Home Local Union #, and IBEW Membership #. If an applicant is not a member of the IBEW, a government issued identification card, such as a driver's license, will suffice. The applicant must include a photocopy of the ID with the re-sign for it to be valid.
III. **The Referral Process**
There are established four distinct referral Units for Local 1547 per the Bylaws Article XIII, Section 11, and as dispatch points under the NECA/IBEW Agreements. Construction dispatching, and support classifications as are applicable, shall be conducted as follows:

1) **Referral Process - Indefinite Calls:**
   a) When a job call comes to the Unit, the receiving unit will first exhaust the local hire preferential book, Book 1A, if applicable.
      
      i) Local hire preferences are applicable only to applicants on Book 1A and only for residents of the immediate job area defined below.

      ii) "Immediate job area resident" is defined by the applicable Agreement. If the Agreement does not contain a definition, “immediate job area resident” is defined as “a person who has maintained their permanent home within twenty-five miles of the job or shop for a period of not less than thirty (30) days.” Such applicants seeking preferential hire may specify their locality behind their name and will be given job area preferential hire only after proof of residency exceeding 30 calendar days has been provided. Proof of residency consists of at least one document from each of the following two categories:

      • signed lease agreement, property title, property tax records, mortgage statement, or utility statement from the previous month showing an address in the immediate job area AND

      • current PFD application, current voter registration, or current driver’s license showing an address in the immediate job area.

      iii) An applicant’s status (1A to 1B) may be changed by registering at the bottom of the out-of-work list.

   b) For calls with a Book 1A local hire preference, the call will first be offered to applicants on Book 1A in the immediate job area. The call will then be offered to all applicants in the receiving unit (both Book 1A and Book 1B) based on out-of-work date. For calls with no local hire preference (Anchorage, Mat Su Valley, Fairbanks, Juneau, and Ketchikan), calls will first be offered to applicants on Book 1B and then to applicants on Book 1A in the receiving unit based on out-of-work date.

   c) If the receiving unit’s Books 1A and 1B are exhausted, the call will be sent statewide (Book 1C) by the receiving unit. The applicant with the oldest out-of-work date, statewide, will be offered the call regardless of the unit in which s/he resides.

   d) If the receiving unit’s Book 1C is exhausted, the call will next be offered to Book 1D by the receiving unit when such a Book exists. The applicant with the oldest out-of-work date in the Unit on Book 1D will be offered the call.

   e) If the receiving unit’s Book 1D is exhausted, the call will be sent statewide (Book 1D) by the receiving unit. The applicant with the oldest out-of-work date, statewide, will be offered the call regardless of the unit in which s/he resides.

   f) This process will continue through Books II, III, and IV, if applicable. (For example, Book II in the receiving Unit, then Book II statewide; Book III in the receiving Unit, Book III statewide, etc.) There is no local hire preference for any Book except Book IA.

   g) On the afternoon of the day of dispatch an applicant is required to report to the Union Hall, complete the dispatch paperwork, and report to the Employer’s designated location unless other arrangements have been made with the approval of Dispatch and the Employer. Failure to do so constitutes rejection of a call and the penalty of a “quit.” Another applicant will be dispatched and the first applicant rolled from the list.
2) **Referral Process - Short Calls**

   a) Short calls are as defined in the applicable agreement and shall be offered in the same manner as a long call but from the list of applicants registered on the short call book. There is no requirement that an applicant sign the long call list and the short call list, or vice-versa. Short calls with room and board or per-diem shall go in order and statewide while all other short calls may be offered exclusively within the Unit at the discretion of the Local Union's authorized Unit representative and subject to the needs of the Employer.

   b) Applicants on a short call will retain their place on the long call out-of-work list and their status will move as though they were not working. Such applicant will be unavailable for an indefinite call until the applicant has re-signed the Book after release from the short call in accord with the appropriate CBA.

3) **Referral Process - Specialty:**

   a) **Welding Calls** - To be eligible for a welding call, an applicant must be currently certified, have proof of certification, or have successfully completed a dispatched welding job in the previous two years. Certification will be considered current if it was current when the applicant signed the books. An applicant that takes a welding call and fails the Employer's welding examination shall be charged a short call.

   b) **Wireman Equipment Operator** - When the wireman with equipment operator skills list is exhausted or no applicants are available suitable to the employer request, the call will be placed in an "open" status and any qualified applicant will be dispatched. Except as allowed by trade jurisdiction such applicants shall perform no other labor except the operation and maintenance of the equipment and the Dispatch form shall be noted as "Untested Technician - No Certificate of Fitness" as is appropriate.

   c) **Other Specialty Calls** - When no applicant from within the classification requested are available suitable to the Employer request, the Call will be placed in "open" status and any qualified applicant will be dispatched. Except as allowed by trade Jurisdiction such applicants shall perform no other labor except the specialty requested and the Dispatch form shall be noted as "Specialty Call/Untested Technician - No Certificate of Fitness" as is appropriate. When the need for the specialty has finished any out-of-classification applicants employed shall be terminated - end of job, and returned to the out-of-work list unless otherwise specified by a collective bargaining agreement.

4) **Referral Process - Open Calls:** Calls for which no qualified and/or acceptable applicant has been found shall be deemed "Open" and the first applicant that claims the qualifications shall be dispatched, regardless of Book Status. Applicants that normally register on the list by phone may claim the referral by phone. All others must appear in person to claim the referral.

**IV. Penalty Rules**

1) Applicants receiving a job call from the dispatcher shall immediately indicate their acceptance or rejection of the work call at that time. An applicant who accepts a call for a job, either by telephone or in person, and later refuses the call or fails to respond to the call conditions will be dropped from the out-of-work lists and must register for future work opportunity.

2) Applicants who quit or who are fired from any job will be removed from all out-of-work lists and must register for further work opportunity. Reinstatement may occur pending an investigation by the local union and a decision that the termination was unjustified.

3) Jobs for which the information provided to the applicant is different from what the employer stated on its job request (or as represented by Dispatch) will not be treated as a quit and the applicant will be restored to the position held prior to dispatch provided the applicant reports back to dispatch before working and within one business day.
4) An applicant on an indefinite call terminated within a two-week period by reduction in force or end of job will be reinstated on the indefinite out-of-work list. The job will be treated as a short call and the applicant shall register on the bottom of the short call list.

5) An Appeals Committee is established under the terms of the Inside and Outside NECA Agreements and is adopted for the adjudication of any complaints with respect to administration of these rules regarding NECA calls.

6) Pursuant to the mandate of the International President, an applicant discharged for cause twice in a twelve month period shall be suspended from future referral privileges under the NECA/IBEW Agreements until they appear before the Appeals Committee for a determination as to their continued eligibility for referral.

V. Special Circumstances

Unless covered by the terms of a NECA/IBEW Agreement or another IBEW 1547 Agreement, whether employed or on the out-of-work list, applicants must sign out through the Dispatch Office in the same manner that they re-sign before these special circumstances occur to have such time recognized as authorized leave under these rules.

1) Applicants in the special circumstances listed below are subject to the following rules:

a) Vacation - Applicants that have worked at least one short call in the previous six months prior to the date of vacation may remain on the out-of-work list while on vacation for up to sixty (60) consecutive or total calendar days in a twelve month period. Should this vacation period cover the annual re-sign period the applicant must re-sign in person (Rule II.3) during the next re-sign period after vacation is completed.

b) Jury Duty - Applicants that miss re-sign as a result of jury duty shall be re-instated to their prior position upon proof that such duty occurred. Applicants on jury duty shall move up the out-of-work list but will not be considered available for work calls.

c) Military Duty - Upon presentation of "Orders" applicants called to active duty or military service shall not be required to re-sign until such time as released from duty. Such applicant shall not be available for any jobs until released from duty. Upon release from duty the applicant must notify the Dispatch office within two weeks or prior to the end of the next re-sign period, whichever is later, or be dropped from the rolls. Applicants on military duty shall move up the out-of-work list but will not be considered available for work calls.

d) Medical Issues - An applicant unable to re-sign due to medical issues will be restored to the position held when rolled provided written verification from an attending physician is given to Dispatch. Applicants on medical leave shall move up the out-of-work list but will not be considered available for work calls.

e) Lack of Work - Unless allowed under the terms of an Agreement, applicants employed on a job and not reported as working for a period in excess of thirty (30) calendar days shall be considered as terminated and shall be required to sign the out-of-work list before returning to work for the same contractor.

f) Working Under Scale - Applicants working under scale shall be defined as working for less than any and all contract hourly wage and fringe benefit rates per the NECA construction Agreement for their classification. Such Applicants will be exempt from monthly re-sign requirements and shall move up the out-of-work list but will not be considered available for work calls for a period not to exceed six (6) months. This provision does not apply to Applicants dispatched to a utility or a public employer.
2) Union Business - An applicant assigned to a position for the local union, working on behalf of any of our Trusts, or in attendance at an approved training course, convention, or other IBEW sponsored function that renders the applicant unavailable for work shall retain position on the out-of-work list and advance as though registered, re-signed and available for work. All applicants who become full-time employees of the local union or one of the trusts in which the union is a participant will have their hours worked in those jobs count toward Book I status.

VI. Three Refusal Roll
Pursuant to the Policies of the International Office, Local 1547 shall adopt a three refusal system whenever 20% of the active members of the classification are registered on the out of work list for more than three (3) registration periods; and jobs for an employer that has not rejected an applicant remain unfilled for more than one week. When the registration list of active members fall back to less than 20% of the active members of the classification for more than three (3) registration periods the refusal system shall suspend.

1) In the event a refusal system is implemented, the following shall apply. The Local shall post a notice on a bulletin board dedicated for such notices at the four Unit dispatch points and mail to every member on the affected registration list a letter to the last known address of the member that such a system shall take effect on the first day of the month following the date of the letter.

a) Only one refusal per day shall be charged any applicant.

b) After three refusals, applicants are dropped from the out-of-work list and must re-register to be available for future calls.

c) Applicants not available for a job offer during referral hours (either in-person or by phone) shall be considered as refusing a job and charged.

d) Only one call will be made to each applicant each dispatch day unless the telephone line is busy. The dispatch office will make up to three (3) attempts to busy phones while continuing to pursue the list. After three attempts a refusal will be charged. A call filled after a busy signal shall not be offered to the "busy" phone applicant and the applicant will be charged a refusal.

e) The dispatcher shall attempt to notify the applicant when three refusals have been reached by telling the applicant at the time of the third refusal (or leaving a voice message if the applicant has such a mechanism) that the applicant shall be dropped.

f) Exceptions to the refusal system are as follows:

i. Jobs for which the information provided to the applicant is different from what the employer stated on its job request will not be charged against an applicant as a “hickey” or as a quit/refusal.

ii. Jobs declined that are more than 25 one-way road miles from an applicant's home will not be charged as a refusal.
