

Green Grove Smoking Policy

Smoking of illegal substances is not permitted in any part of the Green Grove Cohousing Community. Smoking of any legal substance, e-cigarettes, and vaping is not permitted indoors or outdoors on common property. This rule about outdoor smoking may be relaxed for occasional social events. Smoking is only permitted in limited common property if it is infrequent, and no one else is exposed to, or objects to that smoke. All residents must ensure that no secondhand smoke from their residence enters other units or common areas.

Adopted 12/6/2015
