

# Expanding to help Canadian children and families

*SNAP® (Stop Now And Plan) is a proven program that teaches children with serious behaviour problems, and their parents, how to make better choices “in the moment” through emotion regulation, self-control and problem solving*

## WE NEED:

The right people to connect us to the right places  
Local support for community success

## WE HAVE:

Fundraised start-up packages to provide:

- Pre-implementation consultation
- Training of lead staff
- Full core training for staff
- Ongoing support, consultation and training for 2 years
- Program materials, manuals and resources
- Evaluation support and tools
