

# Kids can't vote but they have a voice

**Children First Canada has a bold and ambitious vision to make Canada a world-leading country where all of our children thrive.**

We are harnessing the power of children's charities and hospitals, research institutes, corporations, community leaders, and children themselves. Through collective impact, we are driving measurable changes to improve the lives of all of Canada's children.

## Key Activities Right Now:

- National Speaker Series with the Economic Club
- #RaiseYourHand4Kids campaign for a National Commissioner for Children & Youth
- National Digital Campaign and Summit to create a Canadian Children's Charter
