### Other options for adopting or placing a cat

**Check references when placing a cat – ask for vet and personal references; ask for adopt. fee**

**When adopting a cat – ask for the cat's medical history and records**

**www.petfinder.com:** Post pictures & info of cats needing homes; can look for pets by location & type/breed

**Tulsa World newspaper:** Run an ad; charge an adoption fee to screen out questionable adopters

**Vet Offices:** They sometimes take kittens and adopt them to good homes or you can post flyers of cats needing homes.

**Southern Agriculture and related stores:** Can post flyers of cats need homes

**Barns –** some people will take in cats to help keep the rodent population down but be sure they also provide cat food and water for the cats and keep them in the barn for a couple of weeks so they don't run away until they are used to where they are.
