

Drinking Water at Aspire Zone & Qatar Olympic Committee

Doha, Qatar

Project

Switch from bottled water to reusable drink bottles

Cost

Initial Cost of QAR 40,000
Ongoing annual Costs of 65,000

Business as usual

QAR 190,000 to provide plastic bottle drinking water

Date

March 2015

Supplier

Rayyan Water

Distribution

12 Aspire Zone venues
12 Qatar Olympic Committee venues
2 Mosanada offices

Quantity

150,000 Litres of drinking water
yearly

Benefits

- 66% reduction to annual water supply costs.
- Less than 3 month payback
- Higher hydration levels: staff increased water intake from 1.3L/day to 2.0 L/day
- Water bottles are re-usable and BPA free
- Over 210,000 plastic bottles avoided
- Mosanada has led the way in reducing plastic waste going to landfill in Qatar
- Staff now have ready access to chilled water, including outdoor staff working in hot conditions.

Eliminating Plastic Bottle

Waste - A Beyond Green Project

Water dispensers providing cold and hot water has been installed across 24 iconic venues in Qatar, eliminating plastic bottle waste generated by site staff.
