Master Plan

Green Stadiums:

Buzzword or overarching strategy?

Project Tips

- High level strategy resourced by allocated budget
- Strategically design projects to achieve specific targets
- Decisions based on modelling
- Partners have 'skin in the game' and demonstrate results were achieved
- Incorporate sustainability into **existing** business processes

Green Stadiums:

Buzzword or overarching strategy?

Key Concepts

- Green Stadiums in Qatar – Not a buzzword
- Strategy starts with key objectives and SMART targets
- Incorporate sustainability into key business processes
- Needs high level endorsement – their expectations should be communicated to relevant staff
- Keep consultants and contractors accountable
