

HOW IT WORKS

Deciding to take a vacation is one of the biggest decisions a person can make. Whether you're a solo traveler, going with some friends, or going with a loved one, the planning process can be timely, stressful, and leave you with more questions than solutions. As athletes, VoyEdge RX understands your want to travel, but also to stay fit, which is why we've included a number of box drop-ins, travel WOD's, and other surprises into each one of our itineraries. And no, you don't have to be a CrossFitter to join in on the fun. Let our team take care of your vacation and join fellow athletes of all backgrounds, skills, and abilities on our excursions where 100% of the transportation, accommodations and more, are taken care of.

Each of our trips is capped at 30 people for a tight-knit, community-focused trip. Each itinerary has a dedicated group of boxes you will drop-in to while on the trip and there will also be a mix of outdoor WOD's in places you won't forget. VoyEdge RX is a community of athletes, explorers and those seeking the edge in life and we can't wait to have you on a trip! There will be at least 2 VRX guides/coaches on every itinerary. Professionalism, attentiveness and your overall experience is our #1 priority.
