

## APA National Student and Educator Insurance Via CSI Insurance

The BFA Photography Department has partnered with the American Photographic Artists (APA). As a result, SVA students now have access to discounted equipment insurance. To take advantage of this benefit, please read the following:

To apply, please visit **College Student Insurance website**  
[http://www.collegestudentinsurance.com/quote\\_ap.aspx?csiref=apa](http://www.collegestudentinsurance.com/quote_ap.aspx?csiref=apa)

- (1) When you arrive at the home screen, the school state and school should already be selected in the drop down menus. If not, select "New York" as the school state and "School of Visual Arts" as the school from the drop down menus.
- (2) Next you will see the rental endorsement information. **You must choose "Yes" to the rental endorsement.** An additional \$60 will be added to the price. This endorsement adds up to \$25,000 of coverage for items "rented or borrowed". **This is the most important step as it provides coverage for any equipment you rent from SVA.**
- (3) Finally, select the limit of insurance needed to secure the total value of your personal items (computers, photo gear, cell phones, textbooks, etc.). Click on the limit and deductible acceptable to you. The lowest limit of insurance available is \$5,000.
- (5) Proceed to the next screen and complete all the appropriate fields on the application form for payment – all major credit cards accepted. After submitting the online form, a confirmation email, which includes your Policy ID#, will be sent to the email address you provide.
- (6) Email your new policy information to the Assistant Studio Manager, Rachel Hines ([rhines@sva.edu](mailto:rhines@sva.edu)) to register your insurance plan with SVA.

**Congratulations! Your personal equipment/personal items, in addition to borrowed equipment, are now both insured!**
