HAND SELECTED BARREL COCKTAILS

Over the course of the year, staff members from various Strategic Hospitality restaurants – including Merchants, The Patterson House, Pinewood Social, Le Sel, and Bastion – are given the exciting opportunity to visit distilleries both here and in our surrounding states in order to learn more about the distilling process from the masters of their craft. After careful deliberation, we choose a barrel of whiskey or rum which most intrigues us and create limited-run cocktails which we feel best celebrate and express the best qualities of these spirits. We hope that when you try one of these constantly changing single-barrel cocktails that you get to share our enthusiasm for this unique program and look forward to whatever cocktails come next!
