## MASQUE OF ZEN

### STORY

There are five major causes of skin imbalance and our gentle, acne-fighting mask with Montana Clay, Tea Tree Oil, White Carrot Oil, and Cinnamon Bark, acts simultaneously against all these causes. This mask, after first use, may cause some breakout as it will extract impurities. After regular use, it will create healthy, balanced skin.

For those with acne, the masque should be used 3-4 times a week for the 1st two weeks and then 1-2 a week ongoing. It also makes a get spot treatment for pimples. Apply to a blemish before bed and in the morning it will be greatly reduced, ready for extraction, or gone.
