

# SERUMS, OILS, MOISTURIZERS

## MUST DEW

### STORY

This blend of vegetable and therapeutic essential oils restores, refreshes, and protects skin cell growth. Helichrysum stimulates new cell growth, while Schisandra fruit extract stabilizes cell membranes for overall healthier skin.

This can be used instead of a moisturizer or as an additional moisturizing layer. A very small amount can also be applied a few minutes before using our Botanical Foundation to create a dewy, youthful glow.

### STARS OF THE SHOW

*Palmarose Oil* - this therapeutic oil refreshes skin and reduces inflammation.

*Helichrysum Oil* - this extract has been long recognized for its ability to stimulate the production and protection of new cells.

*Schisandra Fruit Extract* - reduces over-active cell turnover, which can leave skin dry and inflamed.

### BEST WAY TO USE

Massage into clean skin with circular, upward strokes, paying special attention to the jaw, cheekbones, temples, and brow line. Ideal as a nightly moisturizer or makeup enhancer, or to restore dry skin throughout the day.

### INGREDIENTS

Helianthus annuus (sunflower) seed oil\*, Butyrospermum parkii (shea) nut butter\*, Punica granatum (pomegranate) seed extract\*, Rosa canina (rosehip) seed extract\*, Schizandra sphenanthera (schisandra) fruit extract, Citrus aurantium amara (neroli) flower oil\*, Helichrysum italicum (helichrysum) flower oil\*, Rosa damascena (rose) flower oil\*, Anthemis nobilis (roman chamomile) flower oil, Santalum spicatum (sandalwood) wood oil, Lavandula angustifolia (lavender) flower oil\*, Cymbopogon martinii v. motia (palmarosa) leaf oil, Citrus aurantium (petitgrain bigarade) leaf/bud oil, Tanacetum annuum flower oil\*, Rosmarinus officinalis (rosemary) leaf extract\*
