Penguin Love Pillow
Applique:
Refer to p. 3 and template pages for cutting applique shapes from yardage of Fabrics E, F, G and H.

Piecing the Pillow Background
Referring to the Background Piecing Chart on p. 4 and the diagrams below, sew the cut pieces into rows using the specified angle as indicated between pieces. See the Background Layout Diagram on p. 4 for assembly.

1. To create a right angled seam (RAS), position the second piece overlapping at a 90-degree angle with the first piece with right sides together and the excess second piece positioned to the right. Draw a diagonal line as shown, stitch on the line, and trim 1/4” past the line. Press open.

2. To create a left angled seam (LAS), position the second piece overlapping at a 90-degree angle with the first piece with right sides together and the excess second piece positioned to the left. Draw a diagonal line as shown, stitch on the line, and trim 1/4” past the line. Press open.
Assemble the Pillow

1. To assemble the pillow background, sew the pieced rows together in numerical order. Square to measure 14-1/2” square.

2. Sew 1” x 14-1/2” E strips to opposite sides of the pieced background. Sew 1” x 15-1/2” E strips to the top and bottom.

3. Sew 2” x 15-1/2” Fabric D strips to opposite sides of the pieced background. Sew 2” x 18-1/2” Fabric D strips to the top and bottom.

4. Trace the templates onto the wrong side of fusible web. Cut out roughly around each shape and fuse to the indicated fabric. Cut out on the drawn lines. Use the Applique Placement Diagram on p. 5 to create the penguins. Use a zig zag or other decorative stitch to secure appliques in place.

5. Layer the pillow top with the 20” batting square and 20” muslin square and baste in place. Quilt as desired and trim to 18-1/2” square.

6. Pair the quilted pillow top right sides together with the 18-1/2” Fabric D square. Stitch around all sides, leaving a 10” opening on one side for turning. Turn right side out, insert the pillow form, and slip stitch the opening closed.
