World's largest interdisciplinary case competition, bridging the gap between engineering and business
UNIQUE COMPETITION

A TRULY UNIQUE EXPERIENCE
ENGCOMM is the first and only global multi-disciplinary case competition combining engineering and commerce disciplines in one event.

HONE KEY SKILLS
ENGCOMM provides teams the in-person opportunity to push the boundaries of their engineering and business expertise by collaborating to solve real-world industry problems.

JOIN A GLOBAL NETWORK
With over 15 sponsors and 35 universities from all around the world, ENGCOMM and its alumni network opens the doors to a global network of current and future leaders.
With the pace and progress of modern industry, multidisciplinary collaboration has become a competitive trait of top businesses. The Engineering and Commerce Case Competition (ENGCOMM) believes that this mindset of interdisciplinary communication should be experienced before students start their work careers. The hope is that this competition can create an indelible experience that prepares students to work together to build great ideas that will shape our future.

ENGCOMM'S HISTORY

35 UNIVERSITIES
485 PARTICIPANTS
26 CASES

10 Years of Success & Counting…
Make history with us!
February 2023 - In the Heart of Montreal

Over the course of a week, teams will be invited to solve three (3) distinct, real-world cases containing elements of technical and business challenges. Their proposals will be presented to a panel of expert judges form both industry and academic backgrounds. Solutions will be scored based on well established technical, business and innovation criteria and the teams with the highest accumulated points will advance to the final round.
ENGCOMM eligibility regulations require applicants (excluding coaches) to comply with all of the following criteria. For more information about eligibility criteria, contact our Vice President of Academics Victoria (v.amanze_njoku@engcomm.ca).

1. Registered in an undergraduate engineering, business or computer science program. The program must be a major degree concentration.

2. Must be a current undergraduate student enrolled in at least one (1) engineering, business and/or computer science class at the time of application and during the competition.

3. Represent no other institution than the University/College the student is attending.

4. Have not started any course that progresses the student towards obtaining a master’s degree (including master’s courses that can be taken while still at the undergraduate level) or an additional bachelor’s degree after having completed their first undergraduate program.

Exceptions exist for European schools.
DELEGATION STRUCTURE

ENGCOMM’s delegation structure regulations require all competing institutions to comply with the following criteria:

1. Each delegation shall represent no more than one (1) institution.

2. Each delegation must consist of exactly four (4) competing students and up to two (2) coaches (total of six (6) individuals).
   - It is recommended that each delegation includes two (2) students enrolled in engineering/computer science studies, along with two (2) students enrolled in business studies.
   - Academic guidelines for teams are subject to change if in any case the competition deems any uncertainty unfair. Participants will be notified in fair terms of these changes.

3. Each delegation will be represented by their team name throughout the competition.

COACHES

- Coaches are optional, but highly recommended. Additional fees applies to coaches.

Requirements:
- Must be a faculty member or a respected industry professional
- Must be the team’s representative - the liaison person between the delegation and the organizing committee.
JUDGING
- Three (3) judges
- Additional judges for the final round
- Grading scheme is provided by the ENGCOMM department of academics

SCORING
- Two (2) 6-hour cases and one (1) 12-hour cases.
- Each case has a set amount of point.
- Scoring criterion is reflective of business and engineering requirements.

FINALS
- Highest scored in each division moves onto the next round.
- A revised presentation of the 12-hour case will be presented again.
- No previous score will be taken into account for the final scoring.

CASES
The main competition consists of three (3) cases: Case 1 (6 hours), Case 2 (6 hours), Case 3 (12 hours)

COMPETITION DETAILS
$10,000 Prize Pool!
APPLICATION REQUIREMENTS
To participate in the 2023 edition of ENGCOMM, your application **MUST** be submitted in a compressed file to our Vice President of External Affairs Brianna Koti (b.koti@engcomm.ca). Your university must also hold a **financial plan** and a **recruitment plan**. The applications will be evaluated by our Board of Directors who will be looking at a letter of motivation explaining why your university should be selected to participate in this competition signed by the coach. Once the selection of participating Universities will be finalized, our Vice President of External Affairs will contact you.

**APPLICATION TO PARTICIPATE IN ENGCOMM 2023 WILL BE OPENED ON AUGUST 9TH, 2022**

**IMPORTANT DATES**
1. Application opens - August 9th, 2022
2. Application closes – October 31st, 2022
3. Early $500 Deposit due November 30st, 2022
4. Final Payment settlement due December 31st, 2022
5. Team Delegate Information due December 31st, 2022

**PARTICIPATION COSTS**
Please note that this year, participating students are given the choice to reside in a 4 person room or 2 rooms of double occupancy. This option is to accommodate CO-ED teams and to avoid mixing students from different teams due to the COVID-19 pandemic. The cost per team of four students is **$2,500 CAD**. The cost for coaches is **$1,000 CAD** (maximum of 2 coaches, 1 shared room) and they have the same benefits as the students. These costs include hotel rooms from February 21st to the 25th inclusive, gala meals, breakfast / lunch / dinners that fall during case solving, sponsored cases and event fees. Transportation to and from Montreal is **not included**.

Please note that, while this information is **accurate at the time of publication**, these dates are subject to change without notice. Refer to the website for the most accurate and up to date information.

University of Waterloo
Montreal is the second-most populous city in Canada. Founded in 1642 as Ville-Marie, or “City of Mary”, it’s set on an island in the Saint Lawrence River and named after Mt. Royal, the triple-peaked hill at its heart.

LA GRANDE ROUE
Open year round, rain or shine, “La Grande Roue de Montréal” is the highest observation wheel in Canada.

5X MANHATTAN
Montreal is actually an island – about 5 times larger than Manhattan!

MONTREAL CASINO
Montreal Casino is a casino on the Notre Dame Island in the borough of Ville-Marie in Montreal, Quebec, and is the largest casino in Canada.

UNDERGROUND CITY
Montreal is home to an “Underground City”, a climate-controlled labyrinth of 2000 shops, spread over an area of 33 km.

FOODIE HEAVEN
Montreal has the highest number of restaurants per capita in Canada and the second highest in North America after New York.

Montreal is situated on unceded Indigenous lands, and the Kanien’kehá:ka Nation is acknowledged as the custodians of our lands and waters. At Concordia University, we respect the continued connections with the past, present and future in our ongoing relationships with Indigenous and other peoples within the Montreal community.
