It has been a tough week due to Prin needing to be in quarantine making staff coverage a bit of a challenge.

several outdoor summer activities for children with a focus on reading, artistry, and intellectual exploration.

Library cleaning: Nikki Courchanine will be coming back to clean the library to allow Jen to focus on her responsibilities as the children’s librarian. There is a concern that adding additional hours with Nikki returning will mean that the library will need to offer unemployment. The financial committee will look into this to decide next steps. Ned will arrange a meeting to discuss.

Susan has continued to work with Kristin Urie at the Simpson Library for about 5-8 hours per week with the focus of weeding outdated books and organizing the catalog of the library’s collection.

The library received a large donation of movies and books from a patron which will help to upgrade the current collection. Items that will not be used will be stored for future book sale.

Volunteers: Susan is going to put out a request for volunteers who have had the COVID vaccine to help cover the desk with a staff person in the library. Having the extra help will allow staff to work on other work projects/responsibilities.

National Library Week is from April 4-10th. Cookies and High Mowing seeds will be offered to patrons. In addition Haikus written by community folks have been posted on FPF as well as displayed in the library.
