Is my problem small, medium, or big?  
Can my solution help fix my problem?

Small

Medium

Big

Example:

Problem:

My brother is singing an annoying song.  
This is a **small** to **medium** problem.

Solutions:

I could ignore. I could walk away and let it go. I could tell him to stop firmly. I could sing a song that I like with him. I could use the Peace Protocol. If I've tried a few solutions on my own and it's not working, I can ask an adult for help.

Ignore

Walk it off  
and let it go!

Do another  
activity

Tell someone to STOP  
with a firm voice

STOP!

Rock it out!  
Rock, paper, scissors

Play together

Talk it out using  
the Peace Protocol

Ask an adult for help  
(especially if it's  
a safety problem!)
