<td>1. Consent Agenda - continued</td>
<td>Dr. Gentry asked Mr. Henson if he received the information needed from the Board? Mr. Henson said no. Mr. Hayes expressed concern that MGT was not qualified to develop an adequate tool to meet the needs of the district. There should have been more research done to find an experienced firm to develop the needed tool. Mr. Pinkston said it is important that the tool is developed to address the fiscal impact of charter schools. Next year, the District could face a $22 million hole in the 2015-2016 Operating Budget due to repeated use of one-time monies to fund recurring expenditures which will, at some point, put the District in a position to have to make cuts. Ms. Shepherd asked what exactly will the study from MGT show? Mr. Pinkston said he would expect the tool to show the revenue trends, per-pupil funding, and the metrics on growth of new charter schools. Ms. Speering said it was wise for the Board to research the fiscal impact of charter schools. Ms. Kim said, currently charters are performing and making more gains than the District. Why would the District then allot those schools only a certain amount of money? She said she was not clear on the underlying reason of needing a charter fiscal impact tool? Dr. Gentry said she hoped that the tool would not be used as reasoning to deny charter school applications. The tool should be used to decide how many more high performing seats, provided by non-traditional vendors, can the District afford. Ms. Frogge said, currently charter schools are serving five percent of MNPS students and receive all available new revenue that the District receives. It is important that a tool be developed to determine the fiscal impact on the District. There are great charters, but it is not fair to compare charters to traditional schools. Ms. Mayes said it is unfortunate that charter discussions always end up in a debate; instead, the focus should always be on the students of MNPS. Ms. Kim said she would like to have an in-depth discussion on charters using real data and facts. Per-pupil funding follows the student no matter if they attend a charter or traditional school; no matter the school funding will be spent on the students. The only difference is that charter schools have more flexibility with the use of funds. Mr. Pinkston said, the cost do not follow the students to a charter school.</td>

<tr>
<td>A. Director’s Report</td>
<td>Dr. Register said, the goal of opening the new school at Waverly Belmont is to relieve overcrowding and growth pressure in the Hillsboro Cluster, specifically at Julia Green and Percy Priest Elementary Schools. Waverly Belmont is perfectly located to relieve growth pressures, but there are challenges in creating a zone for the school. There were three zoning options considered: 1. Choice School, 2. Traditional Zone School, 3. Proximity Zone with a Choice Option. Dr. Register presented the third option to the Board.</td>
<td></td>
</tr>
<tr>
<td>1. Proposed Zoning for the New School at Waverly Belmont</td>
<td>Ms. Speering said the diversity at Carter Lawrence, Percy Priest, and Julia Green needed to be increased. Parents in the zone located across from Carter Lawrence would like to attend their neighborhood school. Dr. Register said that recruitment efforts for those schools have been difficult. Mr. Weber said, currently the students in the neighborhood located across from Carter Lawrence are zoned to Eakin, but the new plan allows the option to attend Julia Green, which increases the African-American population at those schools. Ms. Mayes asked if Carter Lawrence students will have a Grandfather Option? Mr. Weber said, current students at Carter Lawrence can remain at the school, or attend Julia Green or Waverly Belmont. The Waverly Belmont Plan does not affect students currently enrolled at Carter Lawrence. Ms. Mayes asked, how will the community be made aware of the future changes to Glendale? Mr. Weber said a marketing plan will be developed in the future. Mr. Pinkston said, many community members were upset or concerned about the Waverly Belmont Zoning Plan. He commended the Administration for their hard work, but stated that diversity must be increased and the District must do a better job of engaging the public and receiving feedback. Ms. Frogge asked if the District has considered “busing” as a way to increase diversity at Julia Green and Percy Priest? Dr. Register said he was not in favor of increasing busing plans for students, but believed it was important to find the best way to create diversity within the District. Mr. Hayes thanked the Office of Student Assignment Services for their hard work.</td>

Communication and Counsel to the Board

With respect to providing information and counsel to the Board, the Director shall not fail to give the Board as much information as necessary to allow Board members to be adequately informed.

Accordingly, the Director may not will:

1. Fail to submit monitoring data required by the Board (see policy B/DR 5– Monitoring Director Performance) in a timely, thorough, accurate and understandable fashion, directly addressing provisions of the Board policies being monitored.

2. Fail to advise the Board in a timely manner of trends, facts and information relevant to the Board’s work.

3. Fail to advise the Board of significant changes substantially affecting the district’s financial condition.

4. Fail to advise the Board of changes in assumptions upon which the District Standard Operating Procedure (DSOP) has been established.

5. Fail to provide for the Board as many staff and external points of view and opinions as needed for fully informed Board decisions.

6. Fail to advise the Board of anticipated significant media coverage.

7. Fail to advise the Board if, in the Director’s opinion, the Board or individual members are not in compliance with the board’s policies on Governance Process and Board-Director Relations.

8. Avoid presenting information in unnecessarily complex or lengthy form.

9. Fail to provide a process for official Board, officer and committee communications.

10. Fail to work with the Board as a whole except when:
   a. Fulfilling individual requests for information, provided such requests are not disruptive or do not require a material amount of staff time or resources;
   b. Working with officers or committees duly charged by the Board;
   c. Communicating with the chair.
11. **Fail to r**eport in a timely manner any actual or anticipated significant noncompliance with any Board *Ends* or *Executive Expectations* policy.

12. **Fail to s**upply for the consent agenda all items delegated to the Director that are required by law or contract to be Board-approved, along with adequate information necessary to keep the Board informed.

13. **Fail to p**rovide the Board with the status of the review and revisions to district operational policies on a quarterly basis and to notify the Board thirty days in advance of significant changes to district operational policies and the date on which the change will occur, along with adequate information necessary to keep the Board informed.

14. **Fail to e**stablish a procedure for informing the Board in a timely manner of the administrative disposition of complaints presented to the Director by the Board.

**Monitoring Frequency:** TLG – Communications – June October
The Board will govern with emphasis on End results for students rather than on interpersonal issues of the Board; encourage diversity in viewpoints; focus on strategic leadership rather than administrative detail; observe clear distinction between Board and Director roles; make collective rather than individual decisions; exhibit future orientation rather than past or present; and govern proactively rather than reactively.

Accordingly:

1. The Board will cultivate a sense of group responsibility. The Board, not the Director or staff, will be responsible for excellence in governing. The Board will use the expertise of individual Board members to enhance the performance of the board as a body, but will not substitute individual judgments and opinions for the Board’s collective values. Accordingly, members will:

   a. focus on issues rather than personalities
   b. respect decisions of the full board
   c. exercise honesty in all written and interpersonal interaction, never intentionally misleading or misinforming each other
   d. criticize privately, praise publicly
   e. make every reasonable effort to protect the integrity and promote the positive image of the district and one another
   f. never embarrass each other or the district

2. The Board will hold itself accountable for governing with excellence. This self-discipline will apply to attendance, preparation for meetings, adherence to policymaking principles, respect of roles, and ensuring effective governance capability into the future. To ensure that the board’s business meetings are conducted with maximum effectiveness and efficiency, members will:

   a. speak only when recognized during meetings
   b. not interrupt each other during meetings
   c. not engage in side conversations during meetings
   d. ask questions for clarification
   e. listen for content and understanding
   f. not repeat what has already been said during meetings
   g. support the chair’s efforts to facilitate an orderly meeting
   h. communicate in a timely manner to avoid surprises
   i. ensure that all members’ voices are heard
j. Adhere to current Roberts Rules of Order Newly Revised 10th Edition with the exception of conflicts with board policy or precedent.

k. refrain from introducing a motion as new business for matters not directly related to the current meeting’s agenda items nor related to an issue currently under consideration. Instead, any unrelated motions should be accompanied with a request to place the motion on the next regular meeting’s agenda for action.

3. The Board will direct, control monitor, and inspire the district through the careful establishment of written policies reflecting the Board’s values and perspectives. The Board’s major policy focus will be on the intended long-term benefits for students, not on the administrative or programmatic means of attaining those benefits. Accordingly members will not:

   a. assume responsibility for resolving operational problems or complaints
   b. give personal direction to any part of the operational organization

4. Continuous Board development will include orientation for new members of candidates for the Board about the Board’s governance process; and periodic Board discussion and evaluation of its process to assure continued improvement.

5. The Board will allow no officer, individual, or committee of the board to hinder or be an excuse for not fulfilling its commitments.

6. The Board will monitor its process and performance periodically. Board members’ attendance at all meetings and work sessions will be monitored regularly. Self-monitoring will include comparison of the Board’s performance with policies in the Governance Process and Board-Director Relationship categories. This self-evaluation process will be conducted during its scheduled bi-annual retreats.

7. The Board may, by majority vote of the members of Board, revise or amend its policies at any time. However, normally a proposed policy revision will be discussed in the Governance Committee of the Board prior to being approved at a subsequent Board meeting.

8. As part of the monitorings, the Governance Committee shall examine policy to determine whether changes should be presented to the full Board for discussion.

Treatment of Parents, Students and Citizens

With respect to treatment of parents, students and citizens, the Director shall not cause or allow conditions, procedures, actions or decisions which are unlawful, unethical, unsafe, disrespectful, disruptive, undignified or in violation of Board policy.

Accordingly, the Director must:

1. Use methods of managing information that protect confidential information.

2. Provide and communicate a process for the effective handling of constituent matters, including but not limited to comments, complaints, requests and questions from parents, students and citizens. For any constituent matter received by Board members and referred to the Director, the Director shall:

   Within one (1) business day, acknowledge to the referring Board member(s) receipt of the constituent matter; and

   Within five (5) business days, determine action steps for addressing the constituent matter and advise the referring Board member(s) on the proposed action steps; and

   Within ten (10) business days, resolve the constituent matter or declare it unresolvable, and provide a written response to the referring Board member(s) explaining the disposition of the matter and articulating the relevant Board or administrative policies that factored into any decision(s).

3. Establish policies and procedures to ensure organizational compliance with all federal and state laws, including those dealing with ethnic, gender, disability, religious and age discrimination.

4. Maintain an organizational culture that treats all stakeholders with respect, dignity and courtesy and that includes:

   - open, honest and effective communication in all written and interpersonal interaction;
   - respect for others and their opinions;
   - focus on common organizational goals as expressed in Board Ends policies.
5. Appropriately involve stakeholders—parents, students and citizens—in an advisory capacity in important issues which impact them directly.

6. Provide timely notice to parents and students about decisions that affect them, especially program changes, school assignments and calendars.

7. Take reasonable steps to inform stakeholders of these policies that affect them.

District Calendar

The Director shall recommend a district calendar for the school year that provides for the number of instruction and student contact hours and days determined by the Board and that best meets the instructional needs of students.

Accordingly, the Director shall:

1. Implement a rolling, standardized two-year school district calendar that includes at a minimum the equivalent of 180, 6-hour days of instruction/contact time for students, including provisions for staff development and parent-teacher conferences.

2. Ensure that no change in the calendar, except for emergency closings or other interruptions due to unforeseen and uncontrollable circumstances, be preceded by adequate and timely notice to students, parents and teachers.

Proposed Changes for 2015 - 2016

Metropolitan Nashville Public Schools has begun a comprehensive planning process to alleviate overcrowding in Antioch and Hillsboro Clusters. The entire school district has experienced significant enrollment growth in the elementary tier level by increasing almost 5,000 students over the past 5 years. This growth has resulted in significant overcrowding at the following elementary schools: Edison, Julia Green, Lakeview, and Percy Priest. The four schools currently range from 112% to 135% capacity use and are projected to be 121% to 158% use by 2017-18.

Metro Council approved capital funding in June 2013 to help accommodate the district’s enrollment growth. The capital budget included funding to open two new elementary schools: a new elementary school in the Antioch cluster and renovation of the historic Waverly-Belmont school in the Hillsboro Cluster. Both schools will open in the 2015 -2016 school year.

**Antioch Cluster - New Elementary School**

The new elementary school in the Antioch Cluster will be located on Smith Springs Road. The new school is being designed with a capacity of 800 students and will open in the 2015-16 school year. The recommended attendance boundary for the new school will alleviate overcrowding in Edison and Lakeview elementary schools. The recommended changes are consistent with the 10-year plan for Antioch and Cane Ridge clusters and is stage three of the plan that was adopted in July 2010. A complete timeline is available on the MNPS website at [http://www.mnps.org/page56401.aspx](http://www.mnps.org/page56401.aspx).

Planting the Seeds of Growth

Metro Nashville Public Schools

Pre-K expansion plan 2014-18

Phase I: Model Early Learning Centers 2014-15
MNPS Pre-K Expansion 2014-18

**GROWTH**
Expand high quality, affordable Pre-K seats for 4-year-olds in Davidson County

**QUALITY**
Develop model Pre-K programs that exemplify best practice in early education

**DELIVERY**
Partner with Head Start & private providers to ensure exemplary early education through multiple delivery systems
Exemplary Early Learning

MNPS will lead Pre-K expansion with a rigorous focus on quality by engaging partners with early childhood expertise, and sharing best practices through professional learning.

- Establish Model Centers as Hubs of Innovation to add seats and establish benchmarks for quality

- Focus on consistent quality in the school system: early learning standards, program standards and quality curriculum

- Expand seat capacity at centers, school sites, community centers, and through partnerships with quality private providers
Set a Foundation & Build on Success

- Close school readiness gaps
- Ensure successful transition to kindergarten
- Transform K-2 to achieve academic gains and social-emotional growth for students
Exemplary Early Learning

Success in early learning is defined by four essential components:

- Engaging environments
- Excellent teachers
- Enriching curriculum
- Strong home-school connections
Engaging Environments

- **Exemplary standards**
  - TN recommended standards for 3-star accreditation
  - National health and safety standards
  - Head Start and private provider requirements and regulations
  - NAEYC Accreditation standards

- **Best practice**
  - Classrooms are developmentally appropriate for 3s, 4s & 5s
  - Classrooms are organized, center-based and reflective of students

- **Culture**
  - The physical environment expresses and cultivates a reflection, and appreciation, for beauty, wonder and joy
Traditional Pre-K Classroom
Math Being Taught Abstractly
Learning Math Concepts by Experience
THE OUTDOOR CLASSROOM IS JUST AS IMPORTANT
Excellent Teachers

Exemplary standards
- Dynamic, innovative leaders with early childhood expertise
- Lead teachers with demonstrated expertise in child development; certified in early childhood (Pre-K)

Best practice
- Teachers supported with strong coaching model
- Educational assistants who serve in a co-teaching model
- School staffing model to meet the needs of students, with early childhood knowledge, experience and/or certification
- Co-teachers who serve as apprentice model teachers
- Directors, coaches and lead teachers co-teach peers

Culture
- All faculty and staff access professional learning opportunities
- All programming is aligned, and implemented to build capacity
Teaching Strategies: The Creative Curriculum for Preschool

Exemplary standards

- Content organized around “big ideas”
- 38 objectives focused on social-emotional, physical, language, cognitive, literacy, math, science and technology, social studies and the arts, as well as English-language acquisition
- Aligned to Tennessee Early Learning Standards
- Built-in formative assessment for teachers
- Student portfolios
Enriching Curriculum

Best practice
- Programs rooted in constructivist practice
- Learning is hands-on, experiential and center-based
- Student-directed learning with autodidactic materials

Culture
- Materials, programs and literature reflect diverse cultures, and most importantly, the cultures and backgrounds of the students
- Schedules reflect developmentally-appropriate practice
Program Enrichment

- **Plant the Seed partnership**
  - Garden-based service-learning
  - School-community gardens

- **Global Education Center**
  - Multicultural music & movement

- **Arts program**
  - Music curriculum developed for centers
  - Community partners
  - Reggio-Emilia art programs
Strong Home-School Connections

**Exemplary standards**
- Empower families through knowledge
  - Navigating the K-12 school system
  - Early childhood best practice – learning at home
  - Resources and supports available in the community
  - Family resource libraries at each center

**Best practice**
- Family Engagement Specialist for Ross & Bordeaux
- Parents as Partners program for Casa Azafran

**Culture**
- Families have multiple options to engage in the life of the school
- Leverage parent talents & build on home cultures
Assessing the Early Learning Centers

- Pre-and post assessment for every child
- Observations (3x per year)
  - Time on activities
  - Type of activities
  - Learning environment
  - Pedagogy
  - Quality of relationships
- Frequent feedback for faculty & staff
- Teacher-led continuous improvement model
Students served 2014-15
