• Roll Call | Members Present: David A. Fox, Chair, Gracie Porter, Vice-Chair; Dr. Jo Ann Brannon; Alan Coverstone; Dr. Sharon Gentry; Steve Glover; Karen Y. Johnson; Edward Kindall; Mark North; Sierra Scivally and Brittany McShand, Student Board Members |  
Mr. Fox called the meeting to order at 5:01 p.m.

• Pledge of Allegiance | Led by Ruben De Pena, Community Outreach Manager. |  

• Student Board Member Report | Ms. Scivally reported that the first Student Advisory Council Meeting for the 2008-09 school year was held September 23rd. Student board members will be selected from 10th and 11th grade students in the Student Advisory Council and the election will be held in November. Additionally, the Safety Summit will be held September 25th at Woodmont Hills Church. Ms. McShand also announced Hillsboro High School’s homecoming celebration. The students have been raising money for the Red Cross to help hurricane victims. She also stated a teen website will be launched for Nashville teens by Nashville teens; updates will be given on the progress of this site. Ms. Scivally announced that Whites Creek High School has been working on enforcing Standard School Attire and their homecoming week is September 29-October 3. |  

• MNPS Informational Video | The Board watched an informational video produced by the MNPS Public Information Office on Smaller Learning Communities. Mr. Fox commended the Public Information Office on the video. |  

**LINKAGE SESSION**

• Stand for Children | Stand for Children is a non-partisan membership organization that unites parents, educators and others to win lasting improvements for children through effective grassroots action. The organization's goal is to increase the candidate pool for teacher and principal hiring and to ensure that every teacher that reaches tenure is truly effective. Members of Stand for Children, including Executive Director Francie Hunt, presented a Power Point to the Board addressing their goal of hiring better teachers and principals. |  

Mr. Henson thanked Stand for Children for their recommendations. He asked Dr. Keel and Dr. Ray to give additional comments concerning MNPS' teacher recruitment, mentoring and professional development. Dr. Keel stated that MNPS has hired an employee specifically for minority recruitment to help increase the number of minority teachers. One factor that contributes to hiring teachers later rather than sooner is that some teachers do not inform the district in a timely manner of their leaving or retirement plans. Shifts in enrollment also are a factor in late hires. Hopefully, the new School Choice Committee recommendations will help with hiring teachers at an...

<td>earlier rate. In the near future, the MNPS application website will be updated to more effectively serve the district and will ease the hiring process of all prospective employees. Dr. Ray stated that the 2008-09 school year was the first year that new teachers were visited twice within the first two weeks of school. Also, the hiring of coaches to help assist new teachers throughout the year will be very beneficial to our new teachers.</td>
<td></td>

<tr>
<td></td>
<td>Mr. Coverstone asked what barriers does Stand for Children see standing in the way and are they structural, procedural or cultural? Ms. Francie Hunt said she believes that there is a cultural component that needs to be addressed that is unacceptable to children. However, changes that will be made resulting from the School Choice Committee recommendations will coincide with Stand for Children's recommendations. Also, the New Teacher Project and Teach For America programs will be very beneficial to make the recommendations a success. Ms. Johnson said she is excited to see that everyone is collaborating in recruiting more quality teachers into MNPS. Once we have recruited &quot;good&quot; teachers, how do we continue to communicate with these teachers? Ms. Porter thanked Stand for Children for their recommendations. She would like MNPS and Stand for Children to continue to communicate and work together. Professional development should be provided at individual schools, within clusters, and principals must be familiar with the communities around their school. Mr. North asked what type of time frame and form of answer would you like the Board to respond to the proposed recommendations. Ms. Hunt said concerning the timely hiring of teachers, we hope the School Choice Committee recommendations will assist in that area. The hope is that the Board considers the recommendations as a priority. Mr. Glover stated he was encouraged by the conversation with Stand for Children and by the Administration's response and hoped the communication would continue. Mr. Fox thanked Stand for Children for their comments and recommendations. Mr. Henson also thanked Stand for Children for their support of MNPS. Ms. Hunt stated that they were open to set a future date for further discussion.</td>

<tr>
<td>Report on Special Education Bus Monitors</td>
<td>Dr. Keel reported to the Board on the current status of the Special Education Bus Monitors. There are currently 179 monitors on the buses, and approximately 13 are educational assistants that are working overtime during the morning or the afternoon. There are 165 newly hired bus monitors or educational assistants who were not highly qualified and had to be moved so that highly qualified educational assistants could fill those positions. The bus monitors are required to attend 28 hours of training before they are allowed to work on the bus; 6 hours of crisis prevention training; 4 hours of CPR training; 16 hours of training in transporting students with disabilities; and 2 hours of wheelchair and special equipment training. About 38 buses are not staffed, but there is a protocol in place to determine which buses are staffed first. First, students whose IEP's state they require bus monitors are assigned a bus monitor. Secondly, Harris-Hillman students who require bus monitors are assigned. Third, students who have behavior issues are assigned bus monitors, and finally, students with special equipment are assigned bus monitors. Bus monitors are also assigned to buses in which the Transportation Department and the school believe a monitor is needed, and Pre-K students (2 or more) require a bus monitor.</td>

<tr>
<td>• Director Search</td>
<td>Mr. Fox said after the September 9th Board meeting, the Board met with Bill Attea to discuss the results of the Best Practices in Urban Education Symposium held on August 22, 2008. Mr. Attea discussed the participant evaluations as well as the different types of leaders that presented at the symposium. In the end, the Board agreed to allow Mr. Fox to set up a meeting with Bill Attea and Dr. Connie Smith to discuss the State's role in the selection of the Director of Schools. Mr. Fox, Mr. Attea and Dr. Smith's meeting on the morning of September 10, 2008 resulted in the following: • The State would like to participate in the search and selection process in a similar manner as former board members Warden and Thompson have been invited to participate - as non-voting advisors. • When asked if the State is interested in appointing the next director, she said &quot;no&quot; - the State regards the appointment as the School Board's responsibility. • The State is not statutorily able to provide written assurance that it will not replace the Director of Schools we select, she said. However, she understands that three years or so are necessary for any superintendent to demonstrate meaningful progress. • When asked about characteristics she would favor in the next Director of Schools and how long his/her initial term should be, Dr. Smith said she would favor a director candidate who could add stability to the system and could be in that position for the long term.</td>

We the People – The Citizen and the Constitution

Course approval is requested for We the People – The Citizen and the Constitution to be taught at Hume-Fogg Magnet High School. Students will learn about the origins of the ideas of liberty, equality, and justice and current examples of each in a one semester format. They will understand what these ideas meant to the founders of our country and to the Framers of the Constitution. Students will learn about the basic principles of government through the study of six units in the textbook: *We the People*. This course will fill a void in Hume Fogg’s 9th grade program as students who do not currently take a social studies course until the 10th grade at Hume Fogg.

Citizenship for the Newcomer

Course approval is requested for Citizenship for the Newcomer - The purpose of this elective course is to introduce non-English proficient newcomers to the geography, history and government of the United States, and to the rights, duties and responsibilities available to those who live here. This course is designed for non-English proficient students in grades 9-12.

Tennessee History

Course approval is requested for Tennessee History - This elective course is a study of Tennessee history from the earliest days of settlement to the present time. It focuses on Tennessee geography, the early native peoples of the state, the settlement of each of the Grand Divisions, the creation of the territorial and state governments, the Jacksonian Era, the Antebellum period, the Civil War, Reconstruction, the New South, and Tennessee in the twentieth century. This course is offered to students in grades 9-12.
Student Leadership I

Course approval is requested for Student Leadership I - This elective course is designed to provide a balanced framework for developing leadership skills. Students in this course will have the opportunity to increase their understanding and/or effectiveness in communication skills, group processes, managerial skills, self awareness and human relations. This course is offered to students in grades 9-12.

Student Leadership II

Course approval is requested for Student Leadership II - This course is designed to strengthen and deepen the leadership skills of students in the high school setting and beyond as they commence with life in the greater community. The program makes three very important assumptions regarding leadership: first, within every individual student exists leadership potential; second, leadership can be taught and therefore learned; and third, students can develop their own unique leadership style and philosophy and learn to apply their leadership skills to provide a positive impact upon their school culture and community. The recommended prerequisite course is Student Leadership I and this course is offered to students in grades 10-12.

Re: Charge Supporting the Dismissal of Kenneth Bailey

Dear Board Members:

I recommend the dismissal of Kenneth Bailey from employment as a guidance counselor/certificated employee with the Metropolitan Nashville Public Schools, pursuant to Tennessee Code Annotated (T.C.A.) § 49-5-511. I have charged him with unprofessional conduct which is grounds for dismissal pursuant to T.C.A. § 49-5-511, and is specifically defined in T.C.A. § 49-5-501. Evidence supporting this charge is set forth in my letter to Mr. Bailey of September 29, 2008, a copy of which is attached for your reference.

I am asking you to certify this charge by voting that if the charge is subsequently proven true, it would justify Mr. Bailey’s dismissal. If you certify this charge, I will inform Mr. Bailey of your action, and I will formally advise him of his right to request a hearing before an impartial hearing officer from the Secretary of State’s Office, at which he may appear and plead his cause in person or by counsel.

At the present time, I am only asking you to certify the charge. I am not asking you to weigh evidence either for or against dismissal. I am merely asking you to vote that the charge, if proven true, warrants dismissal. If Mr. Bailey demands a hearing, it will occur at some time in the future.

Accordingly, it is my recommendation that Mr. Bailey be dismissed from employment with the Metropolitan Nashville Public Schools.

Sincerely,

Chris M. Henson

Interim Director of Schools
