The Metropolitan Nashville Public Schools (MNPS) does not discriminate on the basis of race, religion, creed, gender, gender identity, sexual orientation, national origin, color, age, and/or disability in admission to, access to, or operation of its programs, services, or activities. MNPS does not discriminate in its hiring or employment practices.

What is a STEAM Magnet School?

Magnet Schools are founded on the five pillars of diversity, innovative curriculum and professional development, academic excellence, high quality instructional systems and family and community partnerships. Each of Metro Schools’ 5 new magnet schools are focusing on a specific theme tied to STEAM (Science, Technology, Engineering, Art, Math). STEAM integration shares life skills with students that reach beyond the classroom and supports college and career readiness.

How does this effect student success?

Through real world STEAM problems, students are challenged to think critically, be creative, communicate and collaborate with their peers. Through STEAM curriculum and theme-based culture, they will develop a deeper understanding of community that comes from hands-on interaction with corporations, non-profits, cultural and academic institutions.

Family Connection

Five elementary schools across Davidson County are officially STEAM Magnet schools. To celebrate the STEAM launch, use the dreamcatcher to discuss how to catch students’ dreams through STEAM.

Ask Questions
Ask questions about their dreams. What do they want to be when they grow up? How will STEAM help them achieve their dreams?

Explore Options
Research what they want to be when they grow up.

Connect With Others
Meet with people who use STEAM concepts in their jobs. Interview them to learn more.
