The Breakwater AfterCare & Enrichment Center has many options for your child’s AfterSchool Programming, based on your child’s interests and needs. This is a sample of what one child’s schedule could look like in a given week. Please go to the [Breakwater Enrichment Center Registration Website](#) to determine your child’s AfterCare & Enrichment schedule.

In this example, the family needs childcare four days a week during Session One. They selected three enrichment classes for Monday, Thursday, and Friday and just AfterCare for Tuesday. They aren't able to pick their child up at 4:45 on Thursday when their enrichment class ends so you'll notice they opted to add AfterCare after the class. On Monday and Friday they are able to pick up at 4:45 when the enrichment class ends so there's no need to add additional aftercare.
