Each day students attend, they will check out of school with their classroom teacher and check into the Enrichment Center by an Enrichment Center Staff member to start their AfterCare and/or Enrichment Classes.

Session Total \$630

(Average of \$90/week
for 7 weeks)

In this example, the family needs childcare four days a week during Session One. They selected three enrichment classes for Monday, Tuesday and Wednesday and just AfterCare on Friday. They aren't able to pick their child up at 4:45 on Tuesday when their enrichment class ends so you'll notice they opted to add AfterCare after the class. On Monday and Wednesday, they are able to pick up when the enrichment class ends so there's no need to add additional aftercare.
