

## Personal Earthquake/Emergency Supplies

In the case of an earthquake or other emergency, the CEC has supplies in storage which can care for our children and staff for several days. However, we know that having a few personal items may be comforting for many children. As such, we require that you supply these personal items for your child:

### For All Children

Bring a one or two gallon ziplock bag with personal items of your choice. These could include a picture, a small "lovie", pacifier, etc. The bag should be labeled with your child's name and group name. If you provided these items previously, you do not need to do it again.

### For Infant's Only

#### **Please bring:**

- Two bottles labeled with your child's name and your choice of either Enfamil or ProSobee formula (i.e., Aaron Jackson: Enfamil). The CEC will purchase and store the Enfamil and ProSobee formula. If you know your child is allergic to both of these formulas or if you have special circumstances, please contact the Infant-Toddler Director.
- Complete and return the bottom portion of this form along with your child's personal items.

**Please bring your personal emergency supplies to the office. It is critical that each family provide these supplies upon their child's enrollment.**

Thank you for your cooperation and assistance with our emergency supplies. If you have any questions, please contact the Infant-Toddler Director.
