

MISSION POSSIBLE

Multiplying The Responsibility

“From everyone who has been given much, much will be demanded; and from the one who has been entrusted with much, much more will be asked” *Luke 12:48*

Expansion Now Open

God’s faithfulness to the underserved in our community has never been so evident. After challenges with finances and construction permits, the expansion of Mission Possible located at 61 S. Broadway opened for business on June 16.

Now the recovery and healthcare ministries will be free to grow as God so desires.

The new space has already provided us with new found freedom to better minister to the needs of those in our community. The expansion has literally doubled our opportunities to touch lives with the love of Jesus Christ. Come see the new digs soon!

Shoe Drive Continues

In the first two months of our shoe drive, we were able to raise \$2500 to help support the Mission Possible expansion. If we can raise another \$2500 in the next couple of months, we will be blessed by a \$5000 matching gift opportunity from MTH Tool Company in Plano, Illinois. This will bring us to the \$10,000 goal that God laid on our hearts to cover the build out of the new facility. With garage sales in full swing, ask your neighbors if you can collect the unsold shoes for charity. Get your small group to pitch in. Clean out your closets. It’s not too late to help. 25 pair of gently used shoes is worth \$10.

Thank You Volunteers!

Volunteers helped to open our first facility and a whole new group of volunteers rose to a new level of service for the opening of our second facility. With demolition, framing, drywall, mudding, sanding, building, painting, assembling, and cleaning on the task list, we were delighted to watch God provide just the right person with just the right skill set at just the right time (usually at the last moment possible... certainly to test our patience and grow our faith). To all who made it possible and to all the faithful volunteers who show up each night to serve the King of Kings in Aurora - Gratzzi!

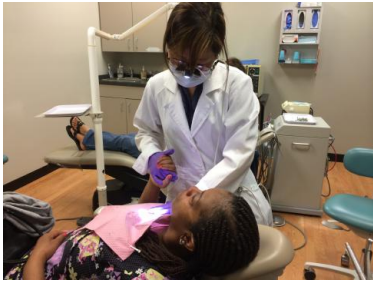

New Art Work by Milton

The contemporary artwork of Milton Coronado has been an integral part of Mission Possible since inception. His six original bright and bold paintings have afforded us an incredible opportunity to visually demonstrate the gospel message to all who have passed through our doors. Now with the expansion, we are delighted to have six new works that depict the parable of the soils, the return of the prodigal son, Via Delarosa (the way of suffering), and this stunning piece that sits prominently in our window. Sealed by the blood of Christ, “The Invitation” is available to all.

REDEMPTION IN ACTION

Issue No 10 - Summer 2014

On the journey of recovery, Jesus has truly blessed **James Brown** physically, emotionally, and spiritually through the care available at Mission Possible. His chronic knee problem was remedied by physical therapy and he has experienced great relief from recurring neck pain as a result of our chiropractic services. Even some lingering dental problems were addressed through the care of "people who don't even know me but still treat me with love and respect." Although all of these physical issues were of great concern, nothing was more frightening to him than his rapidly deteriorating eye sight. Devastation set in when he learned he had cataracts. But, by the grace of God, our community partners are making it possible for a free surgery! For

James, this is just yet another way that God continues to demonstrate His faithfulness even when he experiences moments of doubt. "God just keeps proving Himself over and over again in my life." His thirst for the Word has been apparent. As a regular attender of our Thursday Bible study, James feels that "Pastor Pete" has taught him how to study the Bible and the importance of every word found in scripture. As a participant in Redemption Group, he is beginning to truly grasp that he is forgiven and redeemed! Watching James uncover his part in God's story is the reason we exist. It is pure joy to be "on Jesus mission" with him!

Please consider supporting our ministry through prayer, financial, and volunteer opportunities
