Outreach Bags Project

DONATION DRIVE

**Some things are so simple,
that we simply take them for granted.**

Toothpaste. Socks. Deodorant. For chronically homeless individuals living on the streets, these everyday necessities are small luxuries.

LA Family Housing provides outreach as part of a regional approach to ending homelessness. Sometimes individuals have no idea where or how to get help. Outreach bags allow members of our Outreach Team to meet them where they are, and help them even *before* beginning the process of moving into a home.

By providing potential LAFH participants with an Outreach Bag, you are helping to meet basic needs. Even more, you are showing others in need that their community cares about them and believes they can succeed.

Thank you for putting together this important resource!

Please check off the items that you've included in the bags and include this checklist when you drop off the bags. Thank you!
