about us

A leader in the community for 35 years, LA Family Housing is one of the largest homeless service providers and real estate developers in Los Angeles. Each year we help nearly 11,000 people transition out of homelessness and poverty. Over the past four years, we've grown exponentially – serving 71% more people on their path home.

our model

We know what works to end homelessness in people’s lives. Our success is based on a model of an individualized approach to meet each program participant’s unique needs. This model connects participants to permanent housing and helps them achieve long-term housing stability through a full continuum of services.
