Bigger, Faster, Fresher, Looser Abstract Painting Workshop Material List

My Abstract Painting Workshops are not structured for a particular painting medium, so please bring with you the painting materials that you are most familiar with and typically use. The emphasis will be on Bigger and Fresher so larger brushes and lots of paint are helpful.

Suggested Materials List - This is only a suggested materials list. Do not feel obligated to purchase all of the paint and brushes on this list – get what your budget allows. You will need all of the painting surfaces listed.

1. **Paint**: You can use any acrylic, oil or watercolor paint. Please note that if you use student grade paints the colors will not be as intense, nor will the colors mix as well as with professional grade paints. Use your judgement based on your budget. You will need a minimum of 8 oz. (250 ml) of each color and a minimum of 12-14 (400 ml) oz. of white.

   **You should bring one each of the following if possible:**
   - **Warm Yellow** (ex.: Hansa Yellow Deep or Cadmium Yellow Deep or Indian Yellow)
   - **Cool Yellow** (ex: Hansa Yellow Light or Cadmium Yellow Light)
   - **Warm Red** (ex: Cadmium Red Medium)
   - **Cool Red** (ex: Quinacridone Magenta or Alizarin Crimson or Permanant Magenta)
   - **Warm Blue** (Ultramarine Blue)
   - **Cool Blue** (Cerulean Blue)
   - **White** (Titanium or Zinc) Note: You will need LOTS of white paint!
   - **Black** (Mars or Ivory)
   - **Optional:**
     - **Medium Blue** (Cobalt Blue)
     - **Green** (ex: Phthalo Green or Viridian)
     - **Violet** (ex:Permanent Violet or Cobalt Violet or Ultramarine Violet)
     - **Orange** (ex: Pyrolle Orange or Cadmium Orange)

2. **Brushes for Oil or Acrylic Painters**: The brushes you typically use, with a selection of 1” and 1-1/2” sizes. You will need at least a couple of 2” brushes. Brushes can be either nylon or natural bristle. Nylon bristles are typically easier for students. I use these 2” brushes (listed as size 50 on Jerry’s site): **Raphael Sepia brushes** from Jerry’s Artarama. You may be able to find less expensive brushes elsewhere.

3. **Brushes for Watercolor Painters**: Any 2” nylon flat watercolor wash brush will work, plus the brushes you typically use.

4. Large water/spirits containers

5. Water spray bottle

6. A palette. I use roll of wax paper and some tape.

7. Paper towels

8. Materials for note taking, or a sketch book

9. Palette knife – medium to large size (not required for watercolor painters)

10. Artists Tape or masking tape – DO NOT bring blue or green tape – only white or cream color

11. **Painting Surfaces for Acrylic and Oil Painters:** For painting surfaces you can utilize canvases, gessoed 300 lb watercolor paper, canvas panels, wood panels. You will need (4) surfaces for day one; (2) surfaces per day after that: 18x24 minimum–30x40 maximum. If utilizing watercolor paper you will need a substrate support board and clips or tape. Regardless of surface, each should be coated with gesso. Prestretched canvases already come coated with gesso.

**Surfaces for Studies**
In addition you will need 6-8 small painting surfaces which could be matboard, wood, masonite, canvas cloth, canvas panels, watercolor paper, etc. Minimum size would be 6x8 and maximum would be 12x12.

12. **Painting Surfaces for Watercolor Painters:** (4) 22x30 full sheets of watercolor paper (140 or 300 lb.) for day one; (2) per day after that.

**Surfaces for Studies**
In addition you will need (2) 22x30 full sheets cut or torn into 7.5x11 rectangles – you will get (8) per sheet – you should have 8 total. You may also need a support board and clips or tape.
