## GOLDEN GLOW

Inspired by light reflecting off the ocean and traces of the tide, Ed Ng and Terence Ngan from Hong Kong-based design firm AB Concept delivered the Flux collection for Lasvit. The result is a delicate study of organic lines which refract light and give the impression of moving water with the use of clear hand blown glass, hand painted gold and platinum layers. | 駐香港設計公司AB Concept的Ed Ng和Terence Ngan以海水表面閃爍的反光面和潮退遺下的足跡，為Lasvit設計出Flux系列，仔細研讀能折射光線的有機線條，透過透明的手吹玻璃、手繪黃金和鉑金塗層展現水的流動形態。 [lasvit.com](http://lasvit.com)
