

Property and business owners in the Memphis Medical District who are interested in an art project for their property may contact MMDC to be paired with an artist. For example: if you have a blank wall on your business that you would like to have a mural painted on it, an old fence that needs to be beautified or an empty space you would like to see a sculpture in. If you have an idea for a creative project let us know and we would be glad to assist you. Simply start by contacting Celeste at [crudd@mdcollaboritve.org](mailto:crudd@mdcollaboritve.org).
