

CLIENT TESTIMONIES

"I got access to the resources I needed to get on the right path for my family."

"I loved her patience to listen to my concerns and (she) related to the things I talked about. (She) was genuinely interested in the things I was saying."

"They are very respectful, kind, and easy to talk to. They make you feel welcome and accepted."

"I love how they make you feel understood. She made me feel as if I was not alone."

"Everyone is so kind and so helpful. I learned some things that will help me in the future."

WHY I GIVE TO HPRC

- We give to HPRC, because HPRC offers spiritual as well as material help to all men and women who come to the center. Without this ministry, many women would have nowhere to turn when experiencing an unexpected pregnancy.
- HPRC tells the truth about every aspect of pregnancy and always offers positive, godly advice and encouragement to its clients.
- The money I give helps to provide facilities and equipment for loving Christian women and men to meet with women in crisis, helping them to understand God's love for them, their partners, families, and their precious unborn babies.
- We believe in the sanctity of human life from both a scientific and spiritual perspective. Each child/life is a one-of-a-kind, never to be repeated human being. We want to align our lives with God's will. We're told to take care of the helpless... take care of children, orphans and widows.

MINISTRY IMPACT

*** Kierra came in for a pregnancy test and was wanting to know how far along she was because she had an abortion scheduled for that Saturday in Georgia. She had a baby at 16 and raised that child while working and going to school. The father of this baby does not want to be involved and she did not want to raise another child alone. Our advocate was able to talk with her and we did a walkover ultrasound. Kierra was too early to see the baby yet, but after talking with the advocate and getting support resources, she cancelled her abortion appointment. She has come back for 2 more ultrasounds and is now steadfast in her conviction to keep this baby. She has been very grateful for the support we have given her.

*** Nya had recently lost her sister to suicide. Her sister had young children and now Nya and her mother were left to care for these children. She was dealing with a lot of grief and sadness over the loss of her sister and feeling extremely overwhelmed by this pregnancy. Due to her situation, she was considering abortion. We were able to perform several ultrasounds for Nya where she was able to see her baby grow. We saw her heart for her baby grow, and she is now committed to parenting this child and she has begun attending parenting classes. We were also able to provide some information to her about counseling resources. I am so thankful that we were able to provide some support and love to Nya in the midst of a very challenging season in her life.***

OUR MISSION

To offer Gospel-focused life-affirming choices, education, and compassionate counsel to those facing pregnancy-related decisions

OUR VISION

To eliminate the desire for an abortion by sharing the Hope of Jesus Christ
