

LAX/01 - ASHTRAY

DESCRIPTION

Made from painted iron this tremendously useful design combines an easy system for emptying and cleaning, it has an ashtray and modernizes rest areas in any building or large areas. Colours to choose from, white, black or grey.

CHARACTERISTICS

Ashtray made from 9mm diameter **iron**. The ashtray is composed of three parts: removable ashtray for emptying, body and base. These last two parts are welded together by a bead. Ground fixing is achieved using plugs and screws. The mouth of the ashtray is made from a **laser cut stainless steel plate**. Product is vandal proofed for insurance.

FINISHES

Laquered iron, this coating insures good protection against severe weather conditions. RAL color codes specified.
