

NOTICE OF A PROPOSAL AND NOTICE OF FIRST PUBLIC MEETINGS

by Strong Breeze Wind Power Partnership to Engage in a Renewable Energy Project

Project Name: Strong Breeze Wind Project (the Project)

IESO Reference #: L-006347-WIN-001-057

Project Location: The Project will be located in the Municipality of Dutton Dunwich and County of Elgin, Ontario, and is generally bounded by Chalmers Line to the north, Coyne Road to the west, Iona Road to the east and Erin Line to the south.

Dated at the Municipality of Dutton Dunwich, the 16th day of February, 2017

Strong Breeze Wind Power Partnership is planning to engage in a renewable energy project in respect of which the issuance of a Renewable Energy Approval (REA) is required. The distribution of this combined Notice of a Proposal to Engage in a Renewable Energy Project and Notice of First Public Meetings, and the Project itself, are subject to the provisions of the *Environmental Protection Act* (the Act) Part V.0.1 and Ontario Regulation 359/09 (the Regulation). This Notice must be distributed in accordance with section 15 of the Regulation prior to an application being submitted and assessed for completeness by the Ministry of the Environment and Climate Change.

Two first public meetings are being held to share information with members of the community and stakeholders. The meetings will be an open-house format where you can drop by anytime within the specified hours to view information on the Project, ask questions of the proponent and provide your feedback. The information provided will be identical at both meetings.

Meeting Information:

DATE: Thursday, March 23, 2017

TIME: 2:00p.m. to 4:00p.m.

PLACE: Dutton Dunwich

Community Centre

1 Scotland Street

Dutton, ON N0L 1J0

DATE: Friday, March 24, 2017

TIME: 6:00p.m. to 9:00p.m.

PLACE: Dutton Dunwich

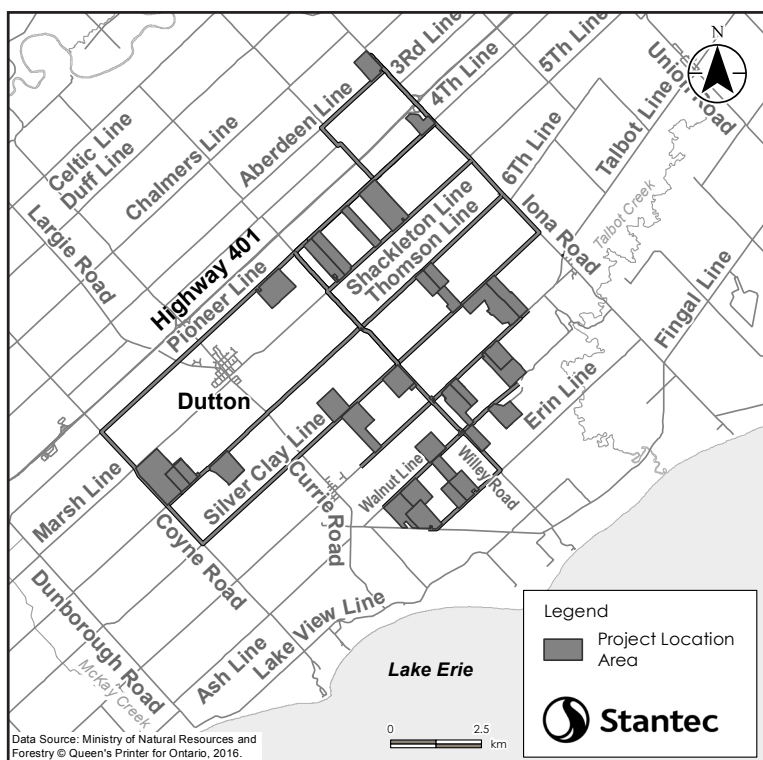

Community Centre

1 Scotland Street

Dutton, ON N0L 1J0

Project Description:

Pursuant to the Act and Regulation, the wind facility, in respect of which this Project is to be engaged in, is considered to be a Class 4 Wind Facility. If approved, this facility would have a total maximum name plate capacity of 57.5 MW. The Project Location is described in the map below.

Documents for Public Inspection:

This project is being proposed in accordance with the requirements of the Act and Regulation. The Draft Project Description report titled "Strong Breeze Wind Project – Project Description Report" describes the Project as a Class 4 Wind Facility that will consist of up to 20 wind turbines and ancillary infrastructure, including turbine access roads and electrical lines, a substation transformer station, an operations and maintenance building, and temporary construction and laydown areas. A written copy of the Draft Project Description Report will be made available for public inspection as of February 21, 2017 at:

- The Municipality of Dutton Dunwich office (199 Currie Rd., Dutton)
- John Kenneth Galbraith Reference Library (236 Shackleton St., Dutton)
- The Project website at: www.strongbreezewind.com
