We are now accepting re-enrollments for the 2018-19 school year for current students and their families. We are very blessed to have such an amazing group of families and would like to reserve a place for next year.

An e-mail for current families has been sent and is now available on our website under the RESOURCES tab. Please complete this survey for each child. If you are not returning you are asked to simply answer the first two questions. Classroom spaces are expected to be full before the school year ends. Your prompt attention to this is greatly appreciated.

Re-enrolling before the deadline will allow us to save your placement and know if we have open spaces available for new families. After completing the survey you will be invoiced for the deposit which must be paid before March 1, 2018. Tuition payments will be due according to the plan you select during this survey.

Please contact me if you have any additional questions. Thank you for selecting the Montessori School of Wooster for your family.

The thermometer will show how much PARTICIPATION we are getting from STAFF and FAMILY.

We can do this!
To our staff, family, and supporters

OUR GOAL...

“Within the child lies the fate of the future.”
– Maria Montessori

Help invest in our future by meeting our goal of 100% PARTICIPATION
(No matter how big or small your contribution, it’s your indication of support for the educational experience we are providing that matters)

WHY YOU SHOULD PARTICIPATE...

“It is true that we cannot make a genius. We can only give to each child the chance to fulfill the child’s potential possibilities.”
– Maria Montessori

Thanks to previous contributions, we accomplished the following:

**In 2015-16**
- Constructed state of the art Montessori oriented building
- Opened middle school program
- Dedicated the Melissa Schultz Nature Preserve
- Began offering year-round services

**In 2016-17**
- Increased enrollment 28%
- Kept 8:1 student teacher ratio
- Increased employee compensation
- Maintained tuition at half the national average
- Started after school clubs

In 2017-18
- Provide one of the most sought after educational experiences in Ohio
- Build upon our educational values and further develop curriculum
- Invest more toward training our teachers and administrators
- Scholarship more students than ever before; 10% received funds in 2017
- Create unique programming experiences not available elsewhere

These achievements are not possible without significant annual giving from partners like you.
