Arrangement Note

The files in this collection are arranged by subject. The staff and volunteers responsible for the processing of this collection felt that this was the most sensible arrangement because the materials are intended for frequent access. The green hanging folders represent a general category. The manila legal-size folders within each hanging folder represent subcategories. For example, the hanging folder entitled “Legal Folder 3” is the third folder for the general “Legal” category. This folder contains a manila folder called “Indian Deed of 1703,” which is a subcategory. The folders that contain files on specific people are arranged alphabetically. All of the files relating to places are located in File Cabinet 4. The hanging folders containing these files are arranged alphabetically. This collection has been entered by file folder into the PastPerfect database. Corresponding accession numbers are listed on each folder.
