I. INVITATION FOR QUALIFICATIONS

A. Tower Grove Park proposes to select a qualified firm/team to provide professional planning, architecture, landscape architecture, and engineering services for the New Basketball Courts, located within Tower Grove Park in the City of St. Louis, Missouri.

B. The selection process for the New Basketball Courts is a competitive Request for Qualifications (RFQ) process. To facilitate the selection of the consultant for this project, interested firms are invited to submit qualifications for consideration. Your submission should contain, at a minimum, the information requested in Section VI of this Request for Qualifications.

C. Procurement of engineering and design services shall conform with the Brooks Act and RSMo. Chapter 8 Section 291 and per the DNR terms and conditions. Every effort must be made to solicit bids from minority business enterprises (MBE) and women business enterprises (WBE). To find certified MBE and WBE firms, use the Missouri Office of Equal Opportunity’s MBE/WBE search webpage (https://apps1.mo.gov/MWBCertifiedFirms/) and search by “Services Provided.”

D. Tower Grove Park hereby notifies all bidders that it will affirmatively ensure that in any contract entered into pursuant to this advertisement, businesses owned and controlled by socially and economically disadvantaged individuals will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, religion, creed, sex, age ancestry or national origin in consideration for an award.

E. Federal Land and Water Conservation Funds are being used in this project, and all relevant federal, state, and local requirements apply. Procedures outlined in the 2020 Land and Water Conservation Fund Administration Guide must be followed to complete the project.

F. Two (2) hard copies of the qualifications and (1) electronic copy should be submitted to Katie Aholt, at Navigate Building Solutions, no later than 1:00 PM on Tuesday, July 19, 2022.

I. Interested firms and all representatives thereof are prohibited from contacting any Tower Grove Board Members or staff until after a final selection has been made.

J. Tower Grove Park is committed to involving M/WBE firms in meaningful roles on all consultant contracts. To that end, Tower Grove Park has established goals of 25% MBE and 5% WBE participation for this consultant contract. The goal is a percent of the original contract amount for the utilization of firms owned and controlled by minorities and women.

K. Tower Grove Park is on the National Register of Historic Places and is a National Historic Landmark. Because this project is federally funded, Section 106 of the National Historic Preservation Act should be consulted and applied.

L. It is anticipated that subsurface stormwater retention will be required by the Metropolitan Sewer District. This work may be eligible for reimbursement through MSD’s Project Clear Grant Program.

II. PROJECT DESCRIPTION

Tower Grove Park is one of seven parks recognized as a National Historic Landmark. Opened to the public in 1872, the Park is at the center of some of the most socioeconomically diverse and densely populated neighborhoods in the region. For many families in the area with no backyard to call their own, Tower Grove Park is a well-maintained, safe green space to play, relax, gather, and experience nature.

In 2017, Tower Grove Park completed a Master Plan that aimed to respect the park’s history, while supporting the present and future needs of its users. Key recommendations included new recreation opportunities, including futsal and basketball. Two basketball courts were established in the Master Plan at Location 6 on the map below.

The Project will have a construction cost not to exceed $450,000.
