

Central PANAMA

June 18-25, 2018

Guides: Adam Sell and Josh Engel

Photos by Josh Engel. Click here to see the trip photo gallery.

This trip took in many of the best birding spots in Central Panama and highlighted the incredible concentration of great birds in a small area. We stayed in three different lodges, none of them more than 1.5 hours from Panama City! We spent time in the Canal Zone's Soberanía National Park and two higher elevation locations, Cerro Azul and Nusagandi. Our lowland birding featured the likes of Great Tinamou, Blue Cotinga, Scaly-throated Leaftosser, Green Shrike-Vireo, Spotted Antbird, Streak-chested Antpitta, and Jet Antbird, along with four species of puffbirds. In the cooler highlands we found Sapayoa, Black-crowned Antpitta, Crimson-bellied Woodpecker, Stripe-cheeked Woodpecker, Violet-capped Hummingbird, and Sulphur-rumped Tanager. The mammals were also excellent, with a wonderful Northern Tamandua, Geoffroy's Tamarin, and several sloths, including one doing its weekly defecation on the ground.

TOP 5 BIRDS

1. Crimson-bellied Woodpecker
2 (tie). Black-crowned Antpitta
2 (tie). Chocó Screech-Owl
4 (tie). Sapayoa
4 (tie). Streak-chested Antpitta

A Red-lored Parrot flies past a canopy tower in Soberanía National Park.

Day 1: Arrival, to Gamboa

We arrived in Panama without problems, made it through immigrations and customs, picked up our car, and off we were to the Canal Zone. We made good time and had enough light to do some birding around the town of Gamboa, which is surrounded by forest. It was a great introduction to birds of the Canal Zone, with Golden-hooded and Plain-colored Tanagers, Slaty-tailed Trogon, Cocoa Woodcreeper, Panama Flycatcher, Short-tailed Swift, and many other typical forest edge birds. We also saw a small troop of Mantled Howler Monkeys. We had a delicious dinner at our bed and breakfast and went to sleep excited to get our forest birding started in the morning.

Day 2: Pipeline Road

We were up early, just as the first birds were singing. We had a cup of coffee and off we were to the famed Pipeline Road. We parked, got out of the car, and almost immediately Max spotted a **Great Potoo** roosting in a tree near the trail. Amazing! It was a great start to a great outing. We had a steady stream of birds throughout our walk. Highlights included spectacular looks at **Spotted**, **Bicolored**, and **Chestnut-backed Antbirds**, **Cinnamon Woodpeckers** at a nest, **Broad-billed** and **Rufous Motmot**, **White-tailed**, **Gartered**, and **Slaty-tailed Trogons**, **Black-chested** and **Pied Puffbirds**, **Olivaceous Flatbill**, **Russet-winged Schiffornis**, and many others. We were still finding birds at the end of the morning, with a **Black-striped Woodcreeper** showing beautifully and a **Hook-billed Kite** greeting us as we returned to the car. We made several short forays off the road into the forest, often to track down singing birds, but sometimes we got lucky: one time we ended up with great views of non-vocalizing **Scaly-throated Leaftosser**, another time we ended up watching a **Northern Tamandua** climb a tree then cross a creek on a fallen branch. It took a few tries, but eventually we had great looks at the strange **Southern Bentbill**. We also tracked down **Streak-chested Antpitta** for spectacular, prolonged views.

A Streak-chested Antpitta showed surprisingly well on Pipeline Road.

We returned to Gamboa for lunch, where a downpour started. Rain would continue for the afternoon, but we were able to get in some birding, seeing birds like Isthmian Wren, Muscovy Duck, Rufescent Tiger-Heron, Wattled Jacana, Bat Falcon, Greenish Elaenia, and Yellow Tyrannulet.

Day 3: Rainforest Discovery Center, Ammo Dump Ponds, and Summit Ponds

We set out early again, wanting to get to the nearby canopy tower as early as possible. Even though it was getting light, we found a **Pauraque** on the road on our way there, and entering the forest, we had nice views of a **Great Tinamou** on the road. We climbed up the tower, where the sun was shining on the rainforest canopy. A beautiful **Scaled Pigeon** and a lovely pair of **Mealy Parrots** were sitting on treetops near the tower. Not long after we spotted two male **Blue Cotingas**, their brilliant blue shining in the morning sun. We eventually got excellent views of **Green Shrike-Vireo**, another canopy specialty, seeing an adult being followed by a juvenile. Other birds from the tower included **White Hawk**, **Brown-capped Tyrannulet**, **Blue Dacnis**, **Green Honeycreeper**, **Piratic Flycatcher**, and **Keel-billed Toucan**.

Male Crowned Woodnymph at a feeder setup

The sun stayed out and birds quieted, so we returned to the forest floor and walked some of the trails in the area. One good area was around the lake, where many **White-throated Crakes** were calling, but none would come into view. Another great area was around the visitors' center, where six species of **hummingbirds** were buzzing around the feeder setup, including our first **Violet-bellied** and **Blue-chested Hummingbirds**, and where the staff pointed out a **Fasciated Antshrike** on a nest. Best of all was a **Semiplumbeous Hawk** that flew in and landed,

giving us excellent views of this uncommon hawk and creating quite the ruckus among the **Yellow-backed Orioles** and **Scarlet-rumped Caciques**.

We headed back towards Gamboa, stopping at the Ammo Dump Ponds and adjacent forest. Her we found **Rusty-margined** and **Boat-billed Flycatcher**, **Black-bellied Wren**, **Barred Antshrike**, and a variety of waterbirds including a group of adorable, very young **Black-belled Whistling-Ducks**.

After a delicious local lunch in town, we visited another group of ponds. These ones held **Green** and **Ringed Kingfishers** and we had beautiful views of **Greater Anis** showing off their glossy purple tails and blue wings in the sunlight. We moved on to another forested trail, which was quiet for birds but had some great mammals, including a group of **Geoffroy's Tamarins** and a **Brown-throated Three-toed Sloth** that we watched at very close range descend to the ground, poop, and climb back up into the canopy. We finished the day's birding back close to Gamboa, where we found some more new birds, including **Forest Elaenia**, **White-bellied Antbird**, **Buff-breasted Wren**, and **Golden-fronted Greenlet**.

Day 4: Canal Zone to Cerro Azul

We started the day birding Plantation Road in Soberanía National Park. It was a wonderful, cool morning to walk through the jungle. We slowly but steadily picked up excellent birds, including **Golden-crowned Spadebill, White-whiskered Puffbird, Dusky Antbird, Shining Honeycreeper**, and **Black-throated Trogon**. Amazingly, for the second time this trip, we had outstanding views of **Scaly-throated Leaftosser**. Our luck with mammals continued, too, with four adorable young **Nine-banded Armadillos** that were completely oblivious to our presence, to the point that they literally walked over our feet!

After birding the lowlands for a few days, we made our way to the higher elevations of Cerro Azul. The temperature was noticeable cooler as we settled into our accommodations, where a **Rufous-capped Warbler** was confused by its reflection in a car window in the driveway—a strange way to see a lifer! We spent the afternoon birding the forests and neighborhoods of Los Altos Cerro Azul in light rain, finding some good birds, including **Bay-headed**, **Speckled**, **Hepatic**, **Carmiol's**, and **Plain-colored Tanagers**.

Day 5: Cerro Azul

It turned out the main trails we wanted to hike on Cerro Jefe were inaccessible, so we made the best of the situation and found some nearby areas to visit. Fortunately, the birding was good, and we were able to find two of our main target birds here, the Panama endemics **Stripe-cheeked Woodpecker** and **Violet-capped Hummingbird**. Both of them, incredibly, were right at house we were staying in! Higher on the mountain we spent some time with a flock of **Black-and-yellow Tanagers**, including a beautiful male. **Snowy-bellied Hummingbirds** were common throughout the day, and we regularly came across many tanager flocks containing **Speckled**, **Golden-hooded**, **Bay-headed**, **Plain-colored**, and other **tanagers**, plus **Fulvous-vented**

Euphonia. Other birds we came across as we wandered around Cerro Azul included **White-whiskered Puffbird**, **Gartered Trogon**, **Rufous Motmot**, and many **Swallow-tailed Kites**. We finished the day with some owling, getting great views of **Tropical Screech-Owl** and **Pauraque** and hearing the bizarre and wonderful call of **Great Potoo**.

Day 6: Cerro Azul to Nusagandi

Given that we had seen two of our main targets and the other nearby forests were off-limits to visitors, we changed plans and headed into the lowlands early to bird the marshes, grasslands, and forest edge east of Panama City. It's a very birdy area and we added many new species for the trip, including Bare-throated Tiger-Heron, Plain-breasted Ground Dove, Lesser Yellow-headed Vulture, Ruddy-breasted Seedeater, Yellow-margined and Fort-tailed Flycatchers, Hook-billed Kite, Pearl Kite, and Savannah Hawk.

Spot-crowned Antvireo in the forests of Nusagandi

As the morning got hot, we headed back into the mountains to Nusagandi, a small village at the edge of the Kuna Yala Tribal Area. We stopped in at our charming lodge, dropped off our bags, saw a **King Vulture** soaring over the forest adjacent to the lodge, and headed into the spectacular forest for the afternoon. We started out hiking into the forest to look for some of the regions many rare birds. We found some excellent mixed flocks, which included **Slate-throated Gnatcatcher**, **Sulphur-rumped**, **Black-and-yellow**, and **Emerald Tanagers**, **Spot-crowned Antvireo**, **Slate-colored Grosbeak**, and **Tawny-crowned Euphonia**. After turning back towards the road, a **Black-crowned Antpitta** started calling very near the trail, but despite our

effort it remained unseen. We did get fantastic views of **Red-capped Manakin** and, better still, the rare **Crimson-bellied Woodpecker**. It was a muddy but tremendous walk.

We still had some daylight left and birded along the road, which is lined with forest. We encountered several more mixed tanager flocks and had great views of **Plumbeous** and **Double-toothed Kites**, **Purple-crowned Fairy**, **Brown-hooded Parrot**, and **Pied Puffbird**. After dinner we checked the lodge grounds for owls, hearing distant **Mottled** and **Crested Owls** and a very close **Black-and-white Owl** that we couldn't see.

Day 7: Nusagandi area

We woke up in this beautiful region of Panama to a light rain after a night of occasional downpours. We had breakfast, the rain stopped, and off we were to the forest. We returned to the same trail as yesterday, that winds through thick forest and steep ravines. Very soon we heard **Black-crowned Antpitta**, a different one than yesterday, and this one came into view for half the group—a spectacular, if sneaky, antpitta. Not only did we see it, but we listened to it sing a single song for over three minutes! What a way to start the hike. We continued on, reaching an area where we wanted to look for Sapayoa, a single species making up a monotypic family that is endemic to the Chocó bioregion. We heard one singing and chased it down. It took some effort and some maneuvering on a muddy slope, but Max's sharp eyes came through again and we all had excellent views of this unique bird.

White-whiskered Puffbird was one of five species of puffbirds we saw.

We continued on, stopping for mixed flocks, which like yesterday included **Slate-throated Gnatcatcher** and **Sulphur-rumped Tanager**, as well as **Rufous-winged Tanager**, reaching the

end of the trail. Here we heard another of our targets, **Dull-mantled Antbird**. The pair was extremely responsive, offering great views, the male even fluffing out his white back feathers, showing that his mantle isn't so dull after all. After many views of hummingbirds shooting through the forest, we were very pleased to have a female **Bronze-tailed Plumeleteer** sit on a branch for us.

We made it back out to the car muddy and sweaty, but very happy with our successes. We returned to the lodge for lunch, a bit of World Cup watching, and set out again for an afternoon of road birding, following the road all the way down to the Caribbean. It's a spectacular road through high-quality forest. We encountered many mixed flocks along the way, which included a stunning **Spot-crowned Barbet**, many **Carmiol's Tanagers** (including one eating a lizard and another eating a stick insect), **Black-and-gold Tanager**, **Black-striped Woodcreeper**, and lots more. **Plumbeous Kites** and **Mealy Parrots** were frequently seen sitting atop roadside trees. The river crossing near the coast quickly revealed many more new birds for us, including **Jet Antbird**, **Amazon Kingfisher**, and **Long-tailed Tyrant**.

We wanted to try again for owls. The **Black-and-white Owls** from around the lodge the previous night were nowhere to be found, so we decided to try along the road. Here we found a couple of **Pauraques** sitting in the road, but the real highlight was an incredible, close look at a **Chocó Screech-Owl**.

Day 8: Nusagandi to Panama City

We had one last full day of birding. We spent the morning hiking a trail from the lodge with the proprietor's father. It was a beautiful hike through great habitat, but try as we might, we couldn't turn up a **Spiny-faced Antshrike**. We heard a **Dull-mantled Antbird** and saw various characteristic forest birds. Almost back to the starting point Max came through again, spotting a **Plumbeous Hawk** over the trail just before it took off into the dense hillside forest, where we couldn't re-find it. Completing the plumbeous sweep for the day, we found a **Semiplumbeous Hawk** drying out on a roadside tree as we started making our way back to Panama City.

We still had plenty of time to check out Panama City's hotspots and we started with the Costa del Este, checking out the mudflats on the incoming tide. They were full of birds, including many new shorebirds for the trip, plus **Yellow-crowned Night-Heron**, **Blue-footed Booby**, and a very impressive quantity of birds, especially **shorebirds**, **pelicans**, **frigatebirds**, and **cormorants**. We then headed to the west side of the city to Parque Metropolitano. We added a surprising number of new birds on our short walk here, including **Crimson-crested Woodpecker**, **Rufous-and-white** and **Rufous-breasted Wren**, **White-winged Becard**, and a beautiful male **Lance-tailed Manakin**.

BIRD LIST. 285 species, including 10 heard only. Taxonomy follows the Clements/eBird Checklist, 2017 update. Names in *Field Guide to the Birds of Panama* by Angehr and Dean are in parentheses. (H) denoted heard only. IUCN Red List status listed for threatened and near-

threatened species: CR=Critically Endangered, EN=Endangered, VU=Vulnerable, NT=Near-threatened.

Great Tinamou (NT) - Tinamus major

Little Tinamou (H) - Crypturellus soui

Black-bellied Whistling-Duck - Dendrocygna autumnalis

Muscovy Duck - Cairina moschata

Gray-headed Chachalaca - Ortalis cinereiceps

Wood Stork - Mycteria americana

Magnificent Frigatebird - Fregata magnificens

Blue-footed Booby - Sula nebouxii

Neotropic Cormorant - Phalacrocorax brasilianus

Anhinga - Anhinga anhinga

Brown Pelican - Pelecanus occidentalis

Rufescent Tiger-Heron - Tigrisoma lineatum

Bare-throated Tiger-Heron - Tigrisoma mexicanum

Cocoi Heron - Ardea cocoi

Great Egret - Ardea alba

Snowy Egret - Egretta thula

Little Blue Heron - Egretta caerulea

Cattle Egret - Bubulcus ibis

Green Heron - Butorides virescens

Striated Heron - Butorides striata

Black-crowned Night-Heron - Nycticorax nycticorax

Yellow-crowned Night-Heron - Nyctanassa violacea

White Ibis - Eudocimus albus

Black Vulture - Coragyps atratus

Turkey Vulture - Cathartes aura

Lesser Yellow-headed Vulture - Cathartes burrovianus

King Vulture - Sarcoramphus papa

Pearl Kite - Gampsonyx swainsonii

White-tailed Kite - Elanus leucurus

Hook-billed Kite - Chondrohierax uncinatus

Swallow-tailed Kite - Elanoides forficatus

Snail Kite - Rostrhamus sociabilis

Double-toothed Kite - Harpagus bidentatus

Plumbeous Kite - Ictinia plumbea

Plumbeous Hawk (VU) - Cryptoleucopteryx plumbea

Common Black Hawk - Buteogallus anthracinus

Savanna Hawk - Buteogallus meridionalis

Great Black Hawk - Buteogallus urubitinga

Roadside Hawk - Rupornis magnirostris

White Hawk - Pseudastur albicollis

Semiplumbeous Hawk - Leucopternis semiplumbeus

Gray-lined Hawk - Buteo nitidus

Short-tailed Hawk - Buteo brachyurus

White-throated Crake (H) - Laterallus albigularis

Gray-breasted Crake (H) - Laterallus exilis

Purple Gallinule - Porphyrio martinica

Common Gallinule - Gallinula galeata

Black-necked Stilt - Himantopus mexicanus

Black-bellied Plover - Pluvialis squatarola

Southern Lapwing - Vanellus chilensis

Wattled Jacana - Jacana jacana

Whimbrel - Numenius phaeopus

Western Sandpiper - Calidris mauri

Short-billed Dowitcher - Limnodromus griseus

Greater Yellowlegs - Tringa melanoleuca

Willet - Tringa semipalmata

Laughing Gull - Leucophaeus atricilla

Royal Tern - Thalasseus maximus

Rock Pigeon - Columba livia

Pale-vented Pigeon - Patagioenas cayennensis

Scaled Pigeon - Patagioenas speciosa

Short-billed Pigeon - Patagioenas nigrirostris

Plain-breasted Ground-Dove - Columbina minuta

Ruddy Ground-Dove - Columbina talpacoti

White-tipped Dove - Leptotila verreauxi

Gray-chested Dove (H) - Leptotila cassinii

Greater Ani - Crotophaga major

Smooth-billed Ani - Crotophaga ani

Groove-billed Ani - Crotophaga sulcirostris

Striped Cuckoo - Tapera naevia

Squirrel Cuckoo - Piaya cayana

Barn Owl - Tyto alba

Tropical Screech-Owl - Megascops choliba

Vermiculated (Chocó) Screech-Owl - Megascops guatemalae

Crested Owl (H) - Lophostrix cristata

Spectacled Owl (H)- Pulsatrix perspicillata

Mottled Owl (H) - Ciccaba virgata

Black-and-white Owl (H) - Ciccaba nigrolineata

Common Pauraque - Nyctidromus albicollis

Great Potoo - Nyctibius grandis

Vaux's Swift - Chaetura vauxi

Short-tailed Swift - Chaetura brachyura

Band-rumped Swift - Chaetura spinicaudus

Lesser Swallow-tailed Swift - Panyptila cavennensis

White-necked Jacobin - Florisuga mellivora

Band-tailed Barbthroat - Threnetes ruckeri

Long-billed Hermit - Phaethornis longirostris

Stripe-throated Hermit - Phaethornis striigularis

Purple-crowned Fairy - Heliothryx barroti

Violet-headed Hummingbird - Klais guimeti

White-vented Plumeleteer - Chalybura buffonii

Bronze-tailed Plumeleteer - Chalybura urochrysia

Crowned (Green-crowned) Woodnymph - Thalurania colombica

Blue-chested Hummingbird - Amazilia amabilis

Snowy-bellied Hummingbird - Amazilia edward

Rufous-tailed Hummingbird - Amazilia tzacatl

Violet-capped Hummingbird (NT) - Goldmania violiceps

Violet-bellied Hummingbird - Juliamyia julie

Slaty-tailed Trogon - Trogon massena

White-tailed Trogon - Trogon chionurus

Gartered Trogon - Trogon caligatus

Black-throated Trogon - Trogon rufus

Whooping (Blue-crowned) Motmot - Momotus subrufescens

Rufous Motmot - Baryphthengus martii

Broad-billed Motmot - Electron platyrhynchum

Ringed Kingfisher - Megaceryle torquata

Amazon Kingfisher - Chloroceryle amazona

Green Kingfisher - Chloroceryle americana

American Pygmy Kingfisher - Chloroceryle aenea

White-necked Puffbird - Notharchus hyperrhynchus

Black-breasted Puffbird - Notharchus pectoralis

Pied Puffbird - Notharchus tectus

White-whiskered Puffbird - Malacoptila panamensis

Spot-crowned Barbet - Capito maculicoronatus

Collared Aracari - Pteroglossus torquatus

Yellow-throated (Chestnut-mandibled) Toucan (NT) - Ramphastos ambiguus

Keel-billed Toucan - Ramphastos sulfuratus

Black-cheeked Woodpecker - Melanerpes pucherani

Red-crowned Woodpecker - Melanerpes rubricapillus

Stripe-cheeked Woodpecker - Piculus callopterus

Cinnamon Woodpecker - Celeus Ioricatus

Lineated Woodpecker - Dryocopus lineatus

Crimson-bellied Woodpecker - Campephilus haematogaster

Crimson-crested Woodpecker - Campephilus melanoleucos

Collared Forest-Falcon - Micrastur semitorquatus

Crested Caracara - Caracara cheriway

Yellow-headed Caracara - Milvago chimachima

Laughing Falcon - Herpetotheres cachinnans

American Kestrel - Falco sparverius

Bat Falcon - Falco rufigularis

Orange-chinned Parakeet - Brotogeris jugularis

Brown-hooded Parrot - Pyrilia haematotis

Blue-headed Parrot - Pionus menstruus

Red-lored Parrot - Amazona autumnalis

Mealy Parrot (NT) - Amazona farinosa

Sapayoa - Sapayoa aeniama

Fasciated Antshrike - Cymbilaimus lineatus

Barred Antshrike - Thamnophilus doliatus

Black-crowned (Western Slaty-) Antshrike - Thamnophilus atrinucha

Spot-crowned Antvireo - Dysithamnus puncticeps

Checker-throated Antwren - Epinecrophylla fulviventris

White-flanked Antwren - Myrmotherula axillaris

Dot-winged Antwren - Microrhopias quixensis

Dusky Antbird - Cercomacroides tyrannina

Jet Antbird - Cercomacra nigricans

White-bellied Antbird - Myrmeciza longipes

Chestnut-backed Antbird - Poliocrania exsul

Dull-mantled Antbird - Sipia laemosticta

Bicolored Antbird - Gymnopithys bicolor

Spotted Antbird - Hylophylax naevioides

Black-crowned Antpitta - Pittasoma michleri

Streak-chested Antpitta - Hylopezus perspicillatus

Black-faced Antthrush - Formicarius analis

Scaly-throated Leaftosser - Sclerurus quatemalensis

Olivaceous Woodcreeper - Sittasomus griseicapillus

Plain-brown Woodcreeper - Dendrocincla fuliginosa

Wedge-billed Woodcreeper - Glyphorynchus spirurus

Cocoa Woodcreeper - Xiphorhynchus susurrans

Black-striped Woodcreeper - Xiphorhynchus lachrymosus

Spotted Woodcreeper - Xiphorhynchus erythropygius

Streak-headed Woodcreeper - Lepidocolaptes souleyetii

Plain Xenops - Xenops minutus

Buff-throated Foliage-gleaner - Automolus ochrolaemus

Pale-breasted Spinetail - Synallaxis albescens

Brown-capped Tyrannulet - Ornithion brunneicapillus

Southern Beardless-Tyrannulet - Camptostoma obsoletum

Yellow Tyrannulet - Capsiempis flaveola

Yellow-crowned Tyrannulet - Tyrannulus elatus

Forest Elaenia - Myiopagis gaimardii

Greenish Elaenia - Myiopagis viridicata

Yellow-bellied Elaenia - Elaenia flavogaster

Lesser Elaenia - Elaenia chiriquensis

Olive-striped Flycatcher - Mionectes olivaceus

Paltry Tyrannulet - Zimmerius vilissimus

Southern Bentbill - Oncostoma olivaceum

Common Tody-Flycatcher - Todirostrum cinereum

Olivaceous Flatbill - Rhynchocyclus olivaceus

Yellow-margined Flycatcher - Tolmomyias assimilis

Golden-crowned Spadebill - Platyrinchus coronatus

Royal Flycatcher - Onychorhynchus coronatus

Ruddy-tailed Flycatcher - Terenotriccus erythrurus

Black Phoebe - Sayornis nigricans

Pied Water-Tyrant - Fluvicola pica

Long-tailed Tyrant - Colonia colonus

Dusky-capped Flycatcher - Myiarchus tuberculifer

Panama Flycatcher - Myiarchus panamensis

Lesser Kiskadee - Pitangus lictor

Great Kiskadee - Pitangus sulphuratus

Boat-billed Flycatcher - Megarynchus pitangua

Rusty-margined Flycatcher - Myiozetetes cayanensis

Social Flycatcher - Myiozetetes similis

Gray-capped Flycatcher - Myiozetetes granadensis

Streaked Flycatcher - Myjodynastes maculatus

Piratic Flycatcher - Legatus leucophaius

Tropical Kingbird - Tyrannus melancholicus

Fork-tailed Flycatcher - Tyrannus savana

Purple-throated Fruitcrow - Querula purpurata

Blue Cotinga - Cotinga nattererii

Rufous Piha - Lipaugus unirufus

Lance-tailed Manakin - Chiroxiphia lanceolata

Blue-crowned Manakin - Lepidothrix coronata

Red-capped Manakin - Ceratopipra mentalis

Masked Tityra - Tityra semifasciata

Russet-winged Schiffornis - Schiffornis stenorhyncha

White-winged Becard - Pachyramphus polychopterus

Scrub Greenlet (H) - Hylophilus flavipes

Green Shrike-Vireo - Vireolanius pulchellus

Lesser Greenlet - Pachysylvia decurtata

Golden-fronted Greenlet - Pachysylvia aurantiifrons

Yellow-green Vireo - Vireo flavoviridis

Black-chested Jay - Cyanocorax affinis

Southern Rough-winged Swallow - Stelgidopteryx ruficollis

Gray-breasted Martin - Progne chalybea

Mangrove Swallow - Tachycineta albilinea

Scaly-breasted (Southern Nightingale) Wren (H) - Microcerculus marginatus

House Wren - Troglodytes aedon

Black-bellied Wren - Pheugopedius fasciatoventris

Rufous-breasted Wren - Pheugopedius rutilus

Rufous-and-white Wren - Thryophilus rufalbus

Stripe-throated Wren - Cantorchilus leucopogon

Isthmian Wren - Cantorchilus elutus

Bay Wren - Cantorchilus nigricapillus

Buff-breasted Wren - Cantorchilus leucotis

White-breasted Wood-Wren - Henicorhina leucosticta

Song Wren - Cyphorhinus phaeocephalus

Tawny-faced Gnatwren - Microbates cinereiventris

Long-billed Gnatwren - Ramphocaenus melanurus

Tropical Gnatcatcher - Polioptila plumbea

Slate-throated Gnatcatcher - Polioptila schistaceigula

Clay-colored Thrush - Turdus grayi

Tropical Mockingbird - Mimus gilvus

Yellow Warbler - Setophaga petechia

Rufous-capped Warbler - Basileuterus rufifrons

Gray-headed Tanager - Eucometis penicillata

White-shouldered Tanager - Tachyphonus luctuosus

Tawny-crested Tanager - Tachyphonus delatrii

Flame-rumped (Lemon-rumped) Tanager - Ramphocelus flammigerus

Crimson-backed Tanager - Ramphocelus dimidiatus

Blue-gray Tanager - Thraupis episcopus

Palm Tanager - Thraupis palmarum

Speckled Tanager - Ixothraupis guttata

Golden-hooded Tanager - Tangara larvata

Plain-colored Tanager - Tangara inornata

Rufous-winged Tanager - Tangara lavinia

Bay-headed Tanager - Tangara gyrola

Emerald Tanager - Tangara florida

Scarlet-thighed Dacnis - Dacnis venusta

Blue Dacnis - Dacnis cayana

Shining Honeycreeper - Cyanerpes lucidus

Red-legged Honeycreeper - Cyanerpes cyaneus

Green Honeycreeper - Chlorophanes spiza

Sulphur-rumped Tanager - Heterospingus rubrifrons

Black-and-yellow Tanager - Chrysothlypis chrysomelas

Saffron Finch - Sicalis flaveola

Blue-black Grassquit - Volatinia jacarina

Ruddy-breasted Seedeater - Sporophila minuta

Thick-billed Seed-Finch - Sporophila funerea

Variable Seedeater - Sporophila corvina

Yellow-bellied Seedeater - Sporophila nigricollis

Bananaquit - Coereba flaveola

Yellow-faced Grassquit - Tiaris olivaceus

Buff-throated Saltator - Saltator maximus

Streaked Saltator - Saltator striatipectus

Slate-colored Grosbeak - Saltator grossus

Black-striped Sparrow - Arremonops conirostris

Orange-billed Sparrow - Arremon aurantiirostris

Dusky-faced Tanager - Mitrospingus cassinii

Hepatic Tanager - Piranga flava

Red-throated Ant-Tanager - Habia fuscicauda

Carmiol's Tanager - Chlorothraupis carmioli

Blue-black Grosbeak - Cyanoloxia cyanoides

Red-breasted Meadowlark - Sturnella militaris

Chestnut-headed Oropendola - Psarocolius wagleri

Scarlet-rumped Cacique - Cacicus uropygialis

Yellow-rumped Cacique - Cacicus cela

Yellow-tailed Oriole - Icterus mesomelas

Yellow-backed Oriole - Icterus chrysater

Great-tailed Grackle - *Quiscalus mexicanus*Yellow-crowned Euphonia - *Euphonia luteicapilla*Thick-billed Euphonia - *Euphonia laniirostris*Fulvous-vented Euphonia - *Euphonia fulvicrissa*White-vented Euphonia - *Euphonia minuta*Tawny-capped Euphonia - *Euphonia anneae*Lesser Goldfinch - *Spinus psaltria*House Sparrow - *Passer domesticus*

MAMMAL LIST. 12 species.

Brown-throated Three-toed Sloth - Bradypus variegatus
Hoffmann's Two-toed Sloth - Choloepus hoffmanni
Northern Tamandua - Tamandua mexicana
Geoffroy's Tamarin - Saguinus geoffroyi
White-faced Capuchin - Cebus capucinus
Mantled Howler Monkey - Alouatta palliata
Capybara - Hydrochoerus hydrochaeris
Central American Agouti - Dasyprocta punctata
Red-tailed Squirrel - Sciurus granatensis
Variegated Squirrel - Sciurus variegatoides
White-nosed Coati - Nasua narica
Common Opossum - Didelphis marsupialis

Cinnamon Woodpecker at its nest

We had tremendous looks at a Northern Tamandua along Pipeline Road.

Semiplumbeous Hawk looks for prey near Pipeline Road.
