

Big Ideas Start Here

Scout Books was founded with the belief that little books can make a big impact. We built a sustainable factory in the heart of Portland, Oregon where we print, bind, and ship custom-designed Scout Books to clients around the world.

MADE IN THE USA

Every book is made with care in the USA by our team of dedicated craftspeople. They sweat the details so you don't have to.

DESIGNED WORLDWIDE

Our custom options and stellar support make it easy for customers around the world to create their own unique Scout Books.

People Powered

We've assembled an incredible team of production and customer experience experts who guide each job to success. We're here to help you, whether it's fulfilling a large-quantity order or deciding on the right elements to make your project shine.

COMMUNITY

Good things happen through community engagement, that's why we host local events, offer a paid volunteer program for our employees, and create partnerships to give back.

EQUITY ALLIANCE

The Scout Books Equity Alliance is an employee-run volunteer program that donates custom books to causes like civic engagement, protecting our national forests, and celebrating immigrants.

Better for Everyone

We've built our business around conscientious choices. We use recycled paper and vegetable-based inks, run our factory on renewable energy, and follow the principles of lean manufacturing to minimize waste.

100% RECYCLED

By using recycled paper, we save over 2,500 trees from being cut down every year, and dramatically reduce our carbon footprint and impact on forest ecosystems.

CERTIFIED B CORP™

Scout Books is certified by B Lab® to meet rigorous standards of social and environmental performance, accountability, and transparency.

Let's Make It Happen!

Scout Books is committed to making the best custom notebooks in the world. With a streamlined process and a team of people ready to help at every stage, we make it easy, too! Just pick your custom options, send us your design, and we'll get to work.

Think Big,
Start Small

Uniquely Yours

Whether designing every page from scratch or simply putting your logo on the cover, use Scout Books to grow your brand, promote your business, or enrich your event with books made just for you.

HOW IT WORKS

POCKET AND MEGA

Pocket Scout Books are our classic 3.5 x 5 in size, while our 5 x 7 in Mega Scout Books give you extra room to explore and share your big ideas. Both our sizes feature 32 pages and a choice of page styles.
