

PSUFA Professional Development Grant

BUDGET: Applicants can apply for up to \$2000 per year. We ask that you consider how your proposed budget affects the larger applicant pool; if each applicant budgets for what is truly needed, we can ensure a broader distribution of funds.

The line items below are examples only. You can change any of the categories and numbers to fit your needs, but may need to adjust auto-calculations accordingly. Include projected expenses, itemizing each one, and expenses that are in-kind (donated) or projected to be paid by another source.
