(Screenings will last 15-30 minutes)

**RSVP:** Via the link on our website or Facebook page

A to Z Pediatric Therapy will be offering free speech-language screenings.

Screenings are a brief assessment of:

- Receptive/Expressive Language Skills
- Articulation Skills
- Voice
- Fluency
- Social Skills

Screenings are not the same as a formal evaluation. A screening can help identify at risk children who may be recommended for a formal speech-language evaluation.
