Hidalgo Medical Services Proud to Participate Once Again in This Year’s Discover Hidalgo Event

Silver City, NM (October 24, 2017) – Last weekend, employees of Hidalgo Medical Services (HMS) volunteered their time and provided free health screenings to the Hidalgo County community. Free health screenings and informational community resources were provided by HMS Family Medicine Residency Program physicians, HMS Medical Services staff, HMS Dental Services employees, HMS Mental Health Services team members, and HMS Family Support Services employees.

“Discover Hidalgo is always such a fun community event – for the whole family. HMS is very proud to have participated, once again, in this year’s Discover Hidalgo activities as a sponsor, with informational tables, and by offering the leadership of our knowledgeable staff” stated Dan Otero, HMS Chief Executive Officer. Added Otero, “Hidalgo County has been, and always will be, at the heart of who HMS is as an nonprofit healthcare community organization. The amount of community resources that our amazing, service line staff shared with Discover Hidalgo participants this year truly was impressive.”

Please visit www.hmsnm.org to learn more about HMS services, providers, and locations.

FOR IMMEDIATE RELEASE

HMS Family Medicine Residency Program Receives Continued Reaccreditation Through the ACGME

Silver City, NM (October 31, 2017) – The Hidalgo Medical Services (HMS) Family Medicine Residency Program was notified recently that it has received continued accreditation from the Accreditation Council for Graduate Medical Education (ACGME). The ACGME is an independent, not-for-profit,

physician-led organization that sets and monitors the national professional educational standards essential in preparing physicians to deliver safe, high-quality medical care. The ACGME accreditation process for programs and sponsoring institutions, such as HMS, includes periodic on-site visits to assess compliance with ACGME program and institutional requirements.

“On behalf of the HMS Family Medicine Residency Program, we are very proud to have received this continued accreditation status from the ACGME,” stated Darrick Nelson, MD, HMS Chief Medical Officer and Family Medicine Residency Program Director. Added Nelson, “HMS Family Medicine Residency Program faculty and resident physicians provide regular, primary healthcare services to HMS patients and clients. I am very grateful for the exemplary efforts of our team. It is a true honor to lead the HMS Family Medicine Residency Program – each and every day.”

“As a regional and national leader on many levels, the HMS Family Medicine Residency Program is a true benefit to HMS and the communities that we serve,” stated Dan Otero, HMS Chief Executive Officer. “HMS family medicine resident physicians complete extensive training beyond medical school in order to be able to provide the best possible patient care. Thanks to the continued support of other southwestern New Mexico providers, Dr. Nelson encourages excellence and innovation and provides an environment of quality patient care and safety through our Family Medicine Residency Program,” added Otero.

As Hidalgo and Grant Counties’ only federally qualified community health center, HMS provides healthcare services to more than 16,000 individuals every year. To learn more about the ACGME, please visit <http://www.acgme.org>.
