Portland Homeless Family Solutions’ Family Village Campus is a one-stop-shop for families experiencing homelessness. We are redefining what it means to provide shelter by creating and operating the first trauma-informed family shelter in Oregon. This is a space that builds dignity, restores power, and promotes autonomy for families.

Make a sustainable investment in these families by adopting a room in Family Village. Your support will provide everything families need to stay happy and healthy while guests in our shelter. Adopt a Room is a three-year commitment and your contribution can be divided over that time.

Benefits:
- Recognition on wall in Family Village
- Recognition on PHFS Website
- Recognition on PHFS social media channels
- Annual impact meeting with Executive Director
- Customized plaque to display to your community
